

"The role of the weekly newspaper is to mirror, faithfully and conscientiously, the community to the community, to provoke it where necessary, to praise it whenever possible, to defend it faithfully but always to serve it best by penetrating with the local news to a depth not possible with any other media."

From Vol. 1, Report of the Special Senate Committee on Mass Media, 1970.

Haliburton County The Echo

The voice of the Highlands

The Haliburton County Echo was established in 1882 as the Minden Echo and Haliburton Recorder. It is an independent weekly newspaper serving Haliburton County as its voice for 94 years. The Echo is published every Wednesday by Algonquin Graphics Ltd. Box 360 Haliburton, Ontario.

Vol. 93 No. 21

Wednesday, January 19, 1977

20 cents

These three youngsters, who play for the Haliburton Atoms will be among over 200 competitors in the annual Lake Kashagawigamog Tourist Association Hockey Tournament which will be played this weekend at the Dysart Arena. The

three youngsters are Billy Whittaker, Jeff Bain and Harold Rowbotham. For more details on the tournament see Echo Sports on pages 6 and 7 of this week's newspaper.

Board and teachers agree to keep old plan

Following an unsuccessful attempt between Haliburton County teachers and board to arrive at a new extended health care policy favorable to everyone, the Board and teachers have agreed to keep the Blue Cross coverage that they have had in the past.

At the December meeting of the board, Jim Leworthy, business administrator, told the trustees that there was a possibility of adopting a similar less expensive plan through Sun Life Insurance, but that he had

received no response from teachers as to whether or not they would accept the new plan.

The Board pays 75 per cent of the cost of the health benefit plan. In December, Mr. Leworthy said that he felt that the uncertainty about which policy was to be adopted was not a big point, but was big enough to bring before the board, since if the issue were not settled it could be used as a grievance by the teachers in future negotiations.

Board members have met with the teachers since that time, and newly elected chairman of the board, Richard Poole, said last week that everyone seemed to be split on the matter. He said that all insurance companies are changing their rates, and the board may not end with that much of a saving. The decision was therefore made, he said, to stay where they were, with Blue Cross.

Mr. Leworthy said that the teachers "overall were not opposed to changing" the policy, but there were "some misgivings, some of them valid" about different areas that would be covered, although as he reported in December, both policies under consideration were substantially the same.

Mr. Leworthy said that since there was not that much money involved it was decided to leave it where it was.

In December, the board was told that while the saving would not be great, or even perhaps very long term, the board could always revert to Blue Cross after taking advantage of the Sun Life rates while they lasted.

OPP report drop in thefts, assaults

The Minden detachment of the Ontario Provincial Police report a drastic drop in the number of thefts and assaults in Haliburton County during 1976.

There was 49.1 per cent decrease in the number of assaults compared to 1975 and a 20.5 per cent decrease in the number of thefts including thefts of motor vehicles.

A third category where there was a decrease was an 18.3 per cent decrease in the number of people injured in motor vehicle collisions.

The decrease in the numbers

injured was inspite of a 3.1 per cent increase in the number of motor vehicle accidents. Five persons were killed in both 1975 and 1976.

The detachment reports that there were no robberies in 1976 compared to one in 1975.

There were no murders in the county in 1976. One murder was reported in 1975.

The Minden detachment also points out that there were no attempted murders in either 1975 or 1976.

Break-ins were up one per cent in 1976 over 1975.

Haliburton Rotary Club to spearhead drive for arena funds

The Haliburton Rotary Club has agreed to spearhead a campaign to raise money to make the needed repairs and alterations to the Dysart Arena.

Art Ward, President of the club, said that they anticipate getting the drive underway almost immediately. He noted that "some fresh ideas" as to how the money can be raised have been discussed by the club.

Mr. Ward pointed out that the Rotary Club will act as the organizing committee for the fund raising venture but is hoping to get help from other organizations in the community.

He said that almost all of the Rotary Club will be involved in the project and to date the committee in charge consists of Joe Iles and Scott Larue.

Mr. Ward said that the committee will likely increase in size and people from outside of the Rotary Club will be included.

A total of about \$15,000 will have to be raised in order to make the alterations and the needed repairs to the building.

The need for the repairs was shown by an engineers report which was done in conjunction with a Ministry of Labor building safety program. A number of arenas and curling clubs around the province have been forced to make repairs and in some cases even closed down.

A second arena in Haliburton County, the Monmouth Arena, is also in the process of making repairs due to engineers reports. Tenders have just been called on the repairs to that building.

The engineers reports were done at the expense of the various municipalities involved.

Youth in serious condition

A 17-year-old Minden area youth is in serious condition in Ross Memorial Hospital with injuries to his abdomen as the result of a snowmobiling accident at 12:30 a.m. Sunday morning.

Stephen Donald Barker, 17, of RR 2 Minden, was taken to hospital after the snowmobile he was driving went off a cliff in a gravel pit north of Carnarvon.

The Minden detachment of the Ontario Provincial Police report that the machine went off a 20 foot cliff.

There was \$25 damage to the machine.

Lutterworth council gets pay increase

The Echo has learned that Lutterworth Township Council has agreed to raise its own salaries for 1977. The increase brings the councillors salaries to the same as Dysart et al and slightly more than Anson, Hindon and Minden. For more details on the story see page 2.

Richard Poole
Board Chairman

Poole takes Board's number one post

At the Inaugural Meeting of the Haliburton County Board of Education, held on January 11, 1977, Mr. Richard Poole, member for Dysart et al, was elected unanimously as Chairman of the Board for the year 1977.

Mr. Poole has been a member of the Board for 6 years and during that time has been on most of the committees. He was Vice-Chairman of the Board for 1976, Chairman of the Salary Committee for 1976, a member of the Salary Committee for the previous five years, Chairman of the Early School Leaving Committee, 1976 and a member of the Hiring Committee.

Mr. Poole resides in the Village of Haliburton and has four children in the school system there.

Miss Vaneita Pickens of Gooderham, who has represented Glamorgan Township for the past two years, was elected Vice-Chairman of the Board for 1977. Miss Pickens was a member of the Early School Leaving Committee and the Property Committee during 1976.

The meeting began with the 1976 Chairman, Mr. H. Lloyd Johnson of Anson, Hindon and Minden, welcoming the newly elected members to the Board who were: Mrs. Victoria Agnew - Bicroft/Cardiff, Mr. Donald Booth - Anson, Hindon and Minden, Mr. Earl Cooper - Dysart et al, Mr. LeRoy Eager - Stanhope and Mrs. Dorothy Kinsman - Stanhope. This year the Board has more new members than since its inception in December, 1968.

On Browndale

Eakins wants documents

John Eakins, MPP Victoria Haliburton, has again demanded that the Ontario government immediately produce financial documents and information related to Browndale (Ontario), an organization that spends 7.3 million of the taxpayers' money, Mr. Eakins said, to care for 300 children.

"At stake is the accountability for expenditures public money. For this reason alone, the Browndale coverup must cease," he said.

Mr. Eakins tabled a private member's notice of motion for production of papers early in November, but received no response. At that time, he explained that the opposition party had been forced to use the "archaic rarely used legislative procedure" in their "determination to obtain vital information."

Mr. Eakins announced last week that questions about Browndale that had been asked as "oral questions, order paper questions or presented as notices of motion for production of papers" have not been answered. He said that, "our demands for property information and publication of the audit have been refused outright."

Renewed requests for information on Browndale have come "in light of the incredible revelations contained in the Interministry Report on Residential Services which Liberal MPP Margaret Campbell publicized" according to Mr. Eakin's recent press release.

That Interministry report noted the inefficiency and waste in the government's administration of residential services for children and young throughout the Children's Mental Health division.

Mr. Eakins has demanded that "all information which Liberal Members of Legislature have requested over the last year concerning Browndale (Ontario) and the Ministry of Health's supervision of that particular Children's Mental Health facility be made public immediately."

"A central issue in the Interministry report is the lack of financial and program accountability in children's residential programs," Mr. Eakins said. "It is for this very reason that the Liberal Party again raises the Browndale issue, demanding to know how this organization is spending over \$7 million annually in public monies." Mr. Eakins said, "we want to know why this government approves leasing arrangements between Browndale (Ontario) and other Brown companies, yet allows similar arrangements with junior employees because they would constitute conflict of interest." He explained that there are a number of Brown companies, and there have been cases when one Brown company has purchased a farm, and then has charged rent on that property to Browndale (Ontario.) However, Mr. Eakins said, when a group of employees have asked to do the same, they have been told that it would be a conflict.

"We want details of possible property acquisition by Browndale (Ontario) and the regulatory authority which allows them to seemingly apply operating per diem monies towards capital purposes. In addition, we request confirmation of a statement in a letter filed with the Attorney General claiming that Directors of a private Brown company, Browndale International, approved the sale of property to Browndale (Ontario)."

"We again ask the government to explain why there was no reduction in the Browndale per diem when a sizable management contract with Brown Camps Residential and Day Schools was cancelled. That contract was worth over 10 per cent of the per diem."

Mr. Eakins said that he wants to see services such as Browndale remain in Haliburton, but "we want to see everyone have a chance to provide the same service." It is "only good business" that the public should know what was happening with Browndale.

Echo Inside

Snowmobiling

Roy Bates talks about snowmobiling and other related interesting items in his column "Along the Trail" which is located on page 2 of this week's paper.

Steam engine

Many people have interesting and unusual hobbies. Doug Collins has one that although not unusual in a lot of areas isn't often found in Haliburton. Mr. Collins has a 200 pound steam locomotive that can pull 12 passengers. For the story see page 5.

Midgets win two

The Haliburton Midgets are all tuned up for the up and coming playoffs. The midgets took two more wins on the weekend and have all but clinched second place in the league standings. The first home playoff game will likely be played Saturday night at 9 p.m. against Bobcaygeon. For the story on the midget's wins and other sports see pages 6 and 10.

The Haliburton County Echo offers its apologies to Dysart et al Deputy Reeve Harold Bannan for the picture we ran on the front page. Mr. Bannan is a very active member of Dysart Council. His work with and in the municipality is well known and Mr. Bannan has accomplished a great deal in his years on the council. The Haliburton County Echo once again offers apologies to Harold Bannan.

NOTICE

TOWNSHIP OF SNOWDON ONTARIO HOME RENEWAL PROGRAM

Be advised application forms are available at the Township office to participate in the above program. To qualify, maximum family taxable income must not exceed \$12,500 per year.

Lutterworth

Council gets raise

Lutterworth Council has agreed to raise its salaries to \$2,400 for each of the three councillors, \$2,500 for the deputy reeve and \$2,700 for the reeve.

Last year members of the council each received \$797.50 which was paid on a meeting basis.

The new figures compared to \$3,600 for the reeve in Dysart et al and \$2,400 for each member of the council last year.

Dysart's total tax bill from the ratepayers in the municipality is over \$980,000 compared to total taxes levied in Lutterworth of \$248,630.

Anson, Hindon and Min-

den council is paid \$2,100 for councillors, \$2,300 for the deputy reeve and \$3,000 for the reeve. Total taxes collected from the ratepayers in that municipality is about \$500,000.

The taxes levied figures are not the total budgets for the municipalities, who pick up a major portion of their money from the province in the form of grants.

Reeve Patrick Conaghan admitted that salaries had been set by the council but would not discuss the figures with the newspaper. He asked that the figures not be published until two members of the council, Bill Valentine and Ron Gamble,

could be notified. Neither was in attendance at the meeting.

Mr. Conaghan said that it was a public meeting and if a reporter had attended he would have been able to get the information.

He added that the newspaper will not get any information over the telephone anymore and will have to attend the public meetings.

Major Glynn Lewis, a councillor in Lutterworth, said that the main reason for the increase was that Lutterworth's council was paid less than other municipal councils in Haliburton County.

Branch 129 Legion News

The regular monthly meeting of Br. 129 Royal Canadian Legion was held in the hall on Thursday Jan. 6, 1977. The President is pleased to announce the appointment of Mr. Bob Bannon to the Executive replacing a member who has left Haliburton. A representative from the Haliburton Boy Scouts attended the meeting and informed us of their hope of sending five boys and one leader to the Jamboree in PEI this July. He outlined their projected costs and asked the Branch to consider contributing to this worthwhile effort. On a motion of Comrade Don Johnson, it was decided to give the Scouts \$600.00 towards their expenses.

The Literary Contest is finished for this year and we received some posters from the students of Victoria Street school and one senior student in Minden. The children submitting posters were Michael Brohm, Reg Dury, Debbie Fountain, Susan Roberts, Will Stewart and Douglas Young. From the Minden School Margie Newton entered a poem which will be featured in our Poppy Campaign next fall.

The Robble Burns will be this coming Saturday and there are still a few tickets to be sold, these are at the bar in the Legion. A great evening of Scottish entertainment is planned, complete with the piping in of the Haggis and the address in true Gaelic manner. A Zone curling bonspiel was held in

Haliburton on Dec. 18 with Bobcaygeon capturing first place and Cannington second. In March Branch 129 will host the Zone Bowling playoffs at the Carnarvon Bowling Lanes. By the time

this goes to press some lucky person will have won the snowblower which has been raffled off by the Associates. Congratulations whoever you are.

Late Flash - the winner is Brad Abbs of Haliburton!!

COX'S APPAREL

Immediate Past Warden Gerry Howarth, representative to the Haliburton County Council from the Improvement District of Bicroft congratulates Robert Vick, Reeve of Snowdon Township at his inception as Warden of Haliburton County on January 18. Mr. Vick is a long time municipal politician, and was congratulated by MPP John Eakins and MP Bill Scott who addressed Tuesday's meeting on the township from which he comes. As Mr. Scott noted, Mr. Vick has good support in the members of the Haliburton Council which he will be able to use well in the coming busy year. The new council will get down to work today.

Investigate 34 general occurrences

During the week of Jan. 10 to 16 members of the Minden detachment of the Ontario Provincial Police investigated 34 general occurrences and 10 motor vehicle collisions. There were four persons charged with snowmobile violations, one break-in reported, one compassionate message delivered, one person charged with Liquor Licence Act violation and two persons charged with impaired driving.

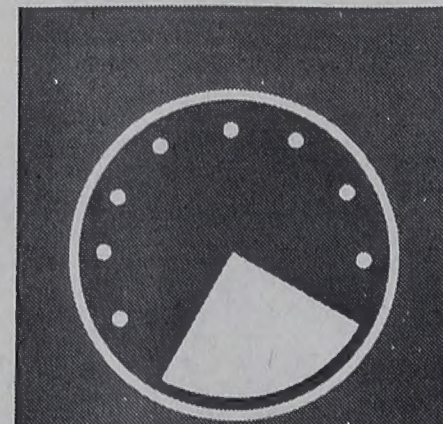

A single car accident Friday on Highway 519 resulted in \$400 damage to the vehicle and a horse being killed. The accident took place at 6:30 p.m. north east of Kinmount.

Driver of the vehicle was Wayne C. Richards, 27 of Toronto. The horse was owned by Bob Vick of Gelert.

There was \$600 damage as the result of a single car accident Monday Jan. 10 at 9:35 a.m. on Highway 519 in Haliburton.

The driver of the vehicle, Timothy J. Woods, 35 of Haliburton, received minor injuries in the crash and was taken to Haliburton Hospital.

The most important time of all to save electricity.

The demand for electricity in Ontario reaches its peak early in the evening on cold winter weekdays.

Between 4 and 7, everyone's asking for electricity. Many factories, stores and offices are still open. Street lights are on. The kids are home from school, parents home from work, evening meals are being prepared. And the heating system has to work harder. It all adds up.

Demands for electricity have been increasing at a pace that can no longer be met. The rate of growth must be reduced.

You can help by avoiding the big jobs like baking, washing and drying between 4 and 7. Make sure that unused lights, TVs and appliances are off. Take it easy on the hot water.

Please do all you can to save electricity.

Along the trail

BY ROY BATES

Slush Warning

Lakes were just getting to the stage where snowmobiling on them was considered safe when last week's heavy snowfall came. The resultant additional weight is increasing the slush hazard by bringing water up through airholes and cracks. Best advice to snowmobilers is to stay off lakes until the

Huskies sign Bain

The Haliburton Huskies hopes for a good showing in the up and coming Junior D playoffs were lifted somewhat last week with the signing of Tim Bain, who was cut by Oshawa's Junior B club.

Bain was the leading scoring in the Junior D league last season. He is 18-years-old and a forward. In addition the Huskies have also signed Ernie Bain, Tim's brother. Ernie played last season with the club and has been working in Toronto. He is a forward although the Huskies used him on defense in the clubs last game.

Haliburton signed Tom Curry two weeks ago.

County board supports resolution

The Haliburton County Board of Education on Jan. 12 voted to support a resolution put forward by the Lampton County Board of Education objecting to the intention of some of the larger boards in Ontario breaking away from the Ontario Public School Trustees' Association and rejoining the Ontario School Trustees' Council as independent members.

At present, the Ontario School Trustees' Council is intended to unify trustees as much as possible across the province.

It is a province wide organization that has four affiliate members, the Ontario Public School Trustees' Association, of which Haliburton County is a member, the Ontario Separate Schools Trustees' Association, the Northern Ontario Trustees' Association and the Ontario French Language Trustees' Association.

The Trustees' Council, acting as a unifying body over these four separate members, is intended to provide a unified voice for the trustees to the provincial government.

Some years ago, according to Anson, Hindon and Minden trustee on the Haliburton Board, Lloyd Johnson, there was an effort made to restructure the trustee association and establish the Trustees' Council as the only organization and only voice for trustees across the province.

This attempt was not successful, but the trust has nevertheless always been towards unity, rather than the creation of a greater number trustees' associations.

Boards such as Toronto, Ottawa, Hamilton, Waterloo and London, according to Haliburton Board Chairman Richard Poole, now want to have their own voice on the Trustees' Council. Mr. Poole said that the Haliburton Board was of the opinion that one voice is better than many, but that they and other boards who supported Lampton's objection to the proposal put forward by the larger boards, will not have much to say about what happens.

The larger boards have already applied for permission to the Trustees' Council to be allowed to federate and join the Council on their own. Mr. Poole expects that their request will be granted.

The larger boards, with their own special problems, which are not necessarily the problems faced by trustees from outlying boards, will now have a greater voice on the Trustees' Council and with the provincial government.

this it should be working along the trails) and it will be used to extend the groomed trail network throughout the County. The club hopes to provide a minimum of two hundred miles of regularly maintained snowmobile routes for your enjoyment this year.

We regret the late start but we can't fight the weatherman. On talking with officials from other clubs, as far North as Bonfield in the North Bay area, the problem of snow quality seems to be universal. There is lots of snow - too much in some cases - but it will not pack for a satisfactory trail base.

The OSDA Snofari at Barrie, January 15th, was run on trails manicured to the Nth degree by the Huronia Snowmobile Association, yet the first dozen riders tore them to pieces. Grooming crews worked diligently all day to keep the 50 mile route in half way decent repair. However, the event was reported to be the most successful Safety Snowfari ever staged by the Ontario Snowmobile Distributors Association.

Operator Training
The first school for snowmobile operators, to prepare

them for the new licence available after age twelve, is scheduled for January 21st and 22nd, with classes beginning at 7 p.m. both Friday and Saturday evenings. The instructor is Bob Patton, phone 489-2489. The location is the Stanhope municipal equipment sheds, adjacent to the Fire Hall, on the North Shore Road. This first school is pretty well filled up but Bob assures me that he will be holding a second one in a couple of weeks. Also, there will be one in the Haliburton area, now tentatively planned for the HCSA clubhouse at Donald, February 5th. This writer will be the instructor. For registration forms, write or call Roy Bates, RR 2 Haliburton 457-1658. Any person may take the safety training course, but only persons over the age of twelve and not holding a valid drivers licence will be eligible for licensing.

Schools for additional instructors are being held in all parts of Ontario. It is expected that some 800 instructors will be certified and many thousands of young snowmobilers will be trained and licensed under the program by the beginning of the next snowmobiling season.

A Vote of Thanks

We couldn't help noticing the array of items in the papers last week enthusiastically welcoming the influx of cross-country skiers to Haliburton County. We, too, welcome them to this great and beautiful country which seems to have been made with winter recreation in mind, and we hope the people in the accommodations field will extend every effort to cater to their needs, but we do wish to point out a couple of simple facts that the writers of those articles may have momentarily forgotten.

The majority of business establishments now able to cater to skiers are open today only because the snowmobile has made winter operation profitable. We hope the skier will make it profitable for even more businesses to open in winter but the profit motive is not really our chief concern. Let us consider other ways the snowmobile has benefited the community.

Look first at Haliburton Forest and Wildlife Reserve. For years that company has provided employment for a number of people, local people, who derive a large portion of their income from the snowmobile. How many

jobs would be non-existent if the Reserve had been closed every October?

Look also at the Haliburton County Snowmobile Association. The first successful efforts of that organization were to promote the County for winter recreation. Their trail map, in its three editions, has been distributed to the four corners of the Province and beyond, and its fourth edition now in the works will probably go even farther. Now that there are groomed trails to promote, this HCSA effort can be more meaningful.

Since the influx of dollars appear to be most important let us observe a few of them in action. Over the past two snowmobiling seasons the club received by direct grants from the Government

of Ontario, grants made possible by snowmobile revenue collected by the Province, a total of nearly \$25,000. By far the greatest portion of this money went to salaries for trail workers. The improvements to snowmobiling facilities thus accomplished has increased the profit potential of almost every business operator in the region.

While it is still too early in the season to establish accurate totals, the club anticipates that its overall expenditures this year will be in excess of \$35,000. Except for the purchase of equipment not available here, i.e. \$12,000 for the new Bombi, this money will be spent in the County on salaries, fuel and machine maintenance.

We've mentioned only the tangible benefits, the efforts that can be recorded and measured by their success or failure. What about the many hours or days contributed voluntarily by members of the organization to make those efforts work? These cannot be measured.

But surely they can be recognized.

This writer, a snowmobiler and one-time skier, and citizen of Haliburton County, extends to the HCSA sincere and grateful thanks for a job that though not completed - has been VERY WELL DONE.

Downhill skiing could use more promotion

Downhill skiing is big business and it comes at a time of year when any amount of revenue brought into an area is welcome. It's good business for the entire area, for retail shops, accommodations, in fact, for anyone serving the skiing public. Skiers using facilities in the Grey Bruce-Perry Sound-Haliburton area spend \$17.6 million according to the Ministry of Industry and Tourism.

And it's type of tourism that's on the increase in Haliburton County. Last year there were some 10,000 skiing visits to Sir Sam's Inn and according to present trends, this season could see the figure double. According to the tourism ministry's officials, that will mean a total expenditure by skiers of over a quarter of a million dollars in various goods and services in the Haliburton area.

Downhill skiing coupled with cross country, snowmobiling and ice fishing will help to buoy the seasonal slump here and everyone will benefit. What seems peculiar to us is that a major tourist attraction such as Sir Sam's Inn gets such minimal mention by the area's chamber of commerce or by other tourism operators.

The hill rounds out Haliburton's winter recreation program with facilities that are judged in the top percentages in southern Ontario by ministry officials. Both the chamber of commerce and tourism operators would be well advised to participate in what is a healthy industry for Haliburton County.

Sewage run around

On the front page of last week's Echo we ran a story that there just might not be any funds in 1977 for the second stage of Haliburton village sewer project.

Steve Murray Fearney said that Minister of the Environment George Kerr has gone back on his word and that Dysart Council had been assured that although funds would not be available in 1976 the municipality would get a priority position in 1977.

What kind of a run around are we getting from the Provincial Government? Councillor Roy Brohm who represents the village of Haliburton commented at the last council meeting that Dysart seems to be going downhill fast as to who gets priorities in sewage projects. How true this statement is.

In the village of Haliburton many things are needed. These include a Police Detachment, a Businessmen's Association, a sports director and many other projects but the main one that should have top priority is the second phase of the sewers.

Many of the people we have been talking to who will be hooked up to the second phase tell us that their old tile beds are worn out and have just about had it and that its going to take a lot of money to replace them. They are patiently waiting for the sewers. We must all join with the Municipal council in keeping the pressure on the Ministry of the Environment to make sure that we get second phase as soon as possible.

A local citizen who is also awaiting the second phase for his home told us the other day that it might be an idea if everyone would write a letter to the Ministry telling them of the urgent need for sewers.

The council will be asking Victoria-Haliburton MPP John Eakins to arrange the meetings with Mr. Kerr in order to explain the problems the municipality is having with the project.

New parking fines

Pending offenders in Haliburton Village had better watch out, or it could get to be quite expensive.

We can see why the municipality has increased the fines for second offenders, the people who never seem to put money in the meters. Haliburton Village, like most other towns of any size in Ontario, has a parking problem. The problem is that there is just not enough spaces on the main street to put all of the cars of the people who want shop.

It is quite evident that this is a problem, even in the winter when we do not have a high number of tourists. Now is the time to be making changes in the parking arrangements downtown before the tourists make their return in the spring.

If the laws are obeyed shopping will be that much better for both the permanent residents and tourists in Haliburton Village.

The Echo

"The voice of the Highlands"

Established in 1882 as the Minden Echo and Haliburton Recorder. An independent weekly newspaper serving Haliburton County for 94 years and published every Wednesday by Argyle Group Inc., at Highland Street Haliburton, Ontario.

Pic of the Past

Our Pic of the Past this week shows a days catch of fish at the Red Umbrella Inn at Carnarvon in 1936. Shown from left to right, Mrs. Marjory Peel and her husband District Sgt. Harry Peel of the O.P.P. and Bill and Louise McClellan of Buffalo.

Haliburton Highlights

BY CREIGHTON FEIR

Snowrama 77 is all set for February 6th, 1977. Starting time is 7:30 to 10:00 a.m. at the Haliburton Highlands Secondary School. It will be a 100 mile trip with food and gas supplied free at the halfway point. Proceeds to aid crippled children. Pledge sheets are available from most businesses or from any Rotarian.

St. George's Anglican Church will hold their annual Vestry Meeting on Monday, January 24th starting with a pot luck supper at 6:00 p.m. Included in the program will be slides of Parish events. It's open to all church members.

Dr. Edward Christiansen, who has practised medicine in Haliburton for the past few years has announced his retirement from the profession. We along with Dr. Christiansen's many friends with him good health and happiness during his retirement years.

Mr. and Mrs. Bob Bannon who for the past several years have operated a General Store at Sprucedale have moved back to Haliburton.

Bewdley will be in Haliburton this Friday evening January 21st to meet the Haliburton Huskies at the Haliburton Arena with gametime 8:30 p.m.

Dick Kinsman was the guest speaker at a recent meeting of the Haliburton Rotary Club meeting. He spoke on the subject "Jaws of Life." Its a very powerful and costly machine for saving the victims of entrapment.

Speaking about the Haliburton Rotary Club the club said Bon-Voyage at their meeting of January 13th to Jenny the clubs exchange student.

We have just received word that Anne Schell of the Bank of Montreal staff at Haliburton has been transferred to the Bank of Montreal branch at Sudbury. We wish Anne the best of luck in her new appointment.

For the past few weeks surveyors have been here there and everywhere in and around the village of Haliburton. A number of people have come to us wondering what is going on and how much its costing. This we are going to check into.

Driscoll's Aluminum Sales of Haliburton have announced that there business will be closed until April 1st 1977.

The Brotherhood of Anglican Churchmen held their monthly meeting at St. George's Anglican Church on Sunday.

Editor's notebook

BY JIM BADGLEY

For all of you people who have been wondering if the pose Harold Bannon took in the front page of the Echo last week was his natural position at Dysart et al Council, well it wasn't.

In six months of covering Dysart council I have found Mr. Bannon to be a very capable member of our municipal fathers. He takes a very active roll in the municipal council and will I am sure do an excellent job as deputy reeve of the municipality.

The mistake is all mine, as news editor of the Echo. It was near deadline when the picture was printed and in my haste to see the paper finished I let the picture go.

We have a picture of Mr. Bannon, which can be found on the front page of this week's Echo which is much more in line with the type of person he is. During my years in the newspaper business I have made many mistakes, all of which I have been willing to own up to. This is no exception. The Echo did not do Mr. Bannon justice in the picture we used last week and will endeavor not to do any disfavor of this type again.

I would like to thank the people who have pointed out the mistake that was made, because if these mistakes are let go it is much more difficult for us to improve the type of presentation we are making to the people.

One plus has come to light for both Mr. Bannon and The Echo as a result of the picture. We can see that Mr. Bannon is a very popular member of our municipal council, well liked and respected within the community and secondly we can see the concern our readers have for The Echo.

To Mr. Bannon, who is a good deputy reeve for Dysart et al, I once again offer my apologies.

Down the drain is about where the second phase of Haliburton Village's sewage project. I get the feeling we are getting a little bit of the stuff thrown at us that we want to get rid of.

The ever changing Queen's Park seems to have struck again. Down there it seems to be no problem to change policies in main stream and someone like Haliburton will take it in the nose.

All that seems to be left for Dysart Council is a lot of begging and pleading with the Ministry of Environment. No municipality should be put in that position but that is what has happened to Dysart.

Proper sewers and a sewage system is the backbone of all development, all you have to do is ask the province about it.

Bill Smiley

THERE WAS a grand foafawraw in Ontario recently when the Toronto Globe and Mail, which rather grandly calls itself "Canada's National Newspaper," and is nothing of the sort, perpetrated a piece of journalism that was irresponsible, to say the least, and yellow, to say the truth.

It published a list of more than 800 Ontario doctors who had billed the provincial health plan for more than \$100,000 in the past year.

What's wrong with that? Shouldn't these money-grubbing medics be exposed? Wasn't the Globe doing a public service? Answer: no.

The Globe was doing what it professes to despise in some of our racier newspapers: acting in collusion with some pretty dubious politicians to titillate the public with half-truths and embarrass what to me is still a noble and honorable profession. The action was worthy of some of the muckier British tabloids.

What surprised me was the reaction of the public. Setting aside the doctors and their well-heeled medical association, which was naturally outraged, most of the letters to the editor attacked the newspaper for its action.

Whatever demurrers advanced by its defendants after the event, the fact was that the news was slanted, through omission. The doctors named were presented, through innuendo, as money-grubbers, with one hand on a scalpel and the other in the government's (read taxpayer's) hip pocket.

Publication of the names and addresses of those doctors who had billed the health plan for more than a hundred grand was almost a blanket indictment of them.

What the newspaper did not stress was that the figures were for gross, not net income, and in many, many cases, the net income was a long, long way below the published figures.

I don't hold any brief for doctors. In general, they give me a pain in the arm. There is a certain pomposity, sometimes arrogance, that is done on with the letters M.D. after the name. This is not helped any by the attitude of so many of their patients — that the doctor always knows best, that the doctor is a special sort of human being, that the patient should practically tug his forelock when addressing his doctor.

It's a fairly short step from there to the point where quite a few members of the profession begin to feel that they are little tin gods. This irritates me. I've met too many little tin gods with clay feet to be

impressed by the title "Doctor."

There's something archaic, but very attractive about that title. Bachelors of Art don't go around calling themselves Bachelors Jim Smith. Masters of Art don't insist that you address them as Master. Same with engineers.

But when a guy gets a chance to put Doctor before his name, whether his degree is in philosophy, theology or chiropractic, there is no way you are going to stop him from using it.

My personal biases about doctors aside, I have nothing but contempt for those who suggested, ever so subtly, that the profession is out to gouge the public ruthlessly. Sure, doctors make a lot of money, most of them. But I don't envy them. I wouldn't be a doctor for three times the average salary in the medical profession.

Sure, there are a few rotten apples in the barrel, to whom the Hippocratic oath is merely a licence to get rich. Couldn't the same be said about any other barrel, whether it contains union members, merchants, politicians, or preachers? And as for big business, the doctors are almost saintly when it comes to a comparison of ethics.

Let's look at the facts. A doctor works like a dog to get through medical school. He doesn't really begin to make any money until he is nearing 30, a time when most men are well settled in their fields.

By the time he has established a practice, he is usually well in debt. If his practice flourishes, he works like a dog for 20 or 30 years. During this period, he is making a good income. But his family life, his social life and his cultural life suffer deeply. He works hours that would have a union leader screaming bloody murder. His scanty leisure time is constantly interrupted. The only pension he can look forward to is what he can save or invest for himself.

About the time most men are slowing down or looking forward to retirement, the doctor is burned out. How many old doctors do you know?

And all along the way he is dealing constantly with pain and misery and fear among his patients. No bed of roses, that. Not to mention all the neurotic women and hypochondriacal men he must suffer patiently.

There are a few crooks and a few quacks, but every doctor I've ever had dealings with was a credit to the profession. Let's have fair play for our doctors, as well as fair pay.

News from Extendicare

BY CHARLES PLEWMAN

GOOD HEALTH - What a priceless thing it is!

Most of us do not appreciate that fact until sickness befalls us. Pierpont Morgan, one of America's Multi-Millionaires, suffered from chronic indigestion. One day while sitting in his private railroad car stalled on a siding, his attention was drawn to an Italian workman who was joyously demolishing a big two inch thick sandwich. Turning to the man next to him he said, "Look at the fun that guy is having eating that big sandwich. I'd give a million dollars if only I could have the fun he's having with eating that sandwich."

The human body is a marvelous thing. It can take a lot of abuse. Its powers of recuperating are tremendous and yet if one keeps burning the candle at both ends the day will come when it can no longer stage a comeback.

Most people who die from smoking usually do so between the ages of 45 and 55. Five thousand of them will die this week on this continent. What a form of mass suicide!

Snow! Snow! Snow! on Monday and Tuesday -- Stopped the Rev. Trevor Denny from conducting a Tuesday morning Communion Service.

We regret to report that Mr. Hugh Griffin of West Gullford passed away on Tuesday, January 11th. Our deepest sympathy goes to his loved ones.

Lila Simmons left here on Wednesday the 12th for treatment at the Civic Hospital in Peterborough. She is now back safe and sound. The feeling one gets when

they look out on our surroundings is that we are in the grip of winter. That did not stop our more adventurous residents from taking a bus ride to Carnarvon on Thursday, January 13th. Mrs. Miriam Lewis was in charge and drove the bus. The residents remarked on the smooth ride with snow on the ground.

We are indebted to Nancy Brink of Nancy's Flowers for 8 nice Poinsettias plants. Many thanks.

Basketry is the latest handicraft to be undertaken in the Craft Room. Mrs. Lewis and Mrs. Currah are providing the instruction.

The Rev. Glenn Rosch, of the Gospel Lighthouse, Sandy (his daughter) and Miss Susan Cameron led our Devotional Service on Friday the 14th of January. Mr. Rosch's theme was the Nearness and Dearness of Christ, who was a very personal friend of each one of us. Susan Cameron contributed with a trumpet selection and Sandy, as usual did a good job at the piano.

More About The Residents - Barbara and Edgar Barry are recent arrivals at our Home. Barbara is related to Laverne Barry, our competent Maintenance man, and Edgar is a distant relative.

Stuart Bellis has just returned from Sunnybrook Hospital where he has been receiving treatment.

We regret to report that staff members Mrs. Lorna Hogg is in the Civic Hospital in Peterborough and Mrs. Cathy Dolinsky has just returned from having a knee operation. We wish them both a speedy recovery.

SALE OF TIMBER

Tenders will be received up to 12:00 Noon, Friday, February 11, 1977 for the purchase of cut and piled hardwood sawlogs and fuelwood, located on Lot 14, Concession IV, Hindon Township, Provisional County of Haliburton.

Tenders must be submitted in accordance with prescribed tendering procedures. These and further particulars may be obtained from the District Manager, Ministry of Natural Resources, Minden, Ontario, K0M 2K0.

Tenders will be opened in public at the Minden District Office on Tuesday, February 15, 1977 at 2:00 P.M., E.S.T.

The highest or any tender not necessarily accepted.

Deputy Minister

Report from Queen's Park

BY MPP JOHN EAKINS

Last November, it was announced by the Provincial Government that four ministries would combine their efforts in an attempt to solve a long list of problems within the condominium industry. Officials from the Ministries of Housing, Revenue and Treasury and Intergovernmental Affairs are on the Committee known as the Ontario Residential Condominium Study Group, which is to examine some of the following problems:

Delays in registration of condominium ownership, leading to occupancy charges before ownership which are often much higher than rents in equivalent accommodation.
Delays by all levels of government in giving approval for construction and registration.
Lack of managerial experience on boards of

directors of condominiums.

Deficiencies in municipal services to condominiums. Problems arising when too many units in condominiums are rented instead of owned.

Sales practices which could mislead purchasers. Steep increases in maintenance costs after the first year, in which costs are guaranteed at a certain level. Developers entering into contracts which are not in the best interests of future owners.

It is anticipated that the Ontario Residential Condominium Study Group will recommend changes in the legislation governing condominiums in time for action by the Legislature in the spring session. The Chairman of this Committee is Darwin Kealey, a former Conservative researcher and defeated candidate, and nine cities across the Province have been chosen as the locations for public hearings, at which the various aspects of condominium ownership will be examined. Presentations will be accepted from interesting individuals and organizations.

Municipality of Dysart et al

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO CLOSE THAT PORTION OF PART OF THE ORIGINAL ALLOWANCE FOR ROAD BETWEEN BLOCKS VI & X, REGISTERED PLAN NO. 1 - TOWN PLOT OF HALIBURTON.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284 Sec. 443 of the Municipal Act, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, February 14th, 1977, a By-Law to Close, Stop Up and Convey the following:

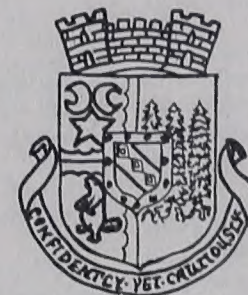

ALL that part of the original allowance for road between Blocks VI & X, Registered Plan Number 1, known as the Town Plot of Haliburton adjoining Lot 8, Block 6, in the said Town Plot, in the Township of Dysart, in the Provisional County of Haliburton, designated as Part 1 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton as Plan 19R-1232.

AND TAKE FURTHER NOTICE that before passing the said By-Law at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-Law and who applies to be heard.

DATED AT HALIBURTON this 6th day of January, 1977.

Wayne B. Wood
Clerk-Administrator
AMCT

Municipality of Dysart et al

NOTICE

IN THE MATTER OF THE ONTARIO HERITAGE ACT, 1974, S.O. CHAPTER 122 AND IN THE MATTER OF THE LANDS AND PREMISES KNOWN MUNICIPALLY AS THE TOWN HALL, IN THE VILLAGE OF HALIBURTON, IN THE PROVINCE OF ONTARIO:

NOTICE OF INTENTION TO DESIGNATE

Take notice that the Council of the Corporation of the Municipality of Dysart et al, on the 13th day of December, 1976, decided to designate the lands and buildings known municipally as the Town Hall as a property of historical value or interest under The Ontario Heritage Act, 1974, S.O. Chapter 122.

SHORT STATEMENT OF THE REASONS FOR THE PROPOSED DESIGNATION:

The Town Hall is recommended for designation for architectural and historical reasons. Originally constructed in 1897, it soon became the centre of all activity within the community. Concerts, socials, arts and agricultural displays were just a few of the many events that were held in the building. Such notables as Lord Wellington, The Honorable Leslie M. Frost and Miss Pauline Johnson all made visits to the Town Hall. In addition, the 109th Battalion used the Hall as their headquarters during the First World War. It has always been used as the meeting place for the Municipal Councils as well as serving as the municipal offices. The Town Hall is also important as a well-designed and quite well preserved stone structure of the late 19th century. Notice of objection to the designation may be served on the Clerk within thirty days of January 6th, 1977.

DATED at Haliburton this 6th day of January, 1977.

Wayne B. Wood
Clerk-Administrator
AMCT

Doug Collins

Steam engine can pull 12 people

By Susan McLaughlin

When Doug Collins moves into an area, he brings a railway with him.

Mr. Collins has a 200 pound steam locomotive, fully operable, than can pull twelve passengers. He may not revolutionize travel in Haliburton County, but he hopes to preserve as much as possible of a mode of travel that was once the mainstay of most of the county.

Using three years of his spare time, approximately 4,300 hours, Mr. Collins made bits of steel and scrap metal into a replica of a steam locomotive run on the South Pacific Railway in 1926.

The model locomotive, built on a scale of one inch to a foot of its prototype, is presently on display in the Highland Junction Restaurant at the junction of highways 519 and 530 near Haliburton. Mr. Collins has moved here from Windsor, bringing two sons and an interest in steam engines

with him.

The coal fired boiler, steam operated engine model and its coal tender measures approximately six feet in length and has been in running condition for eight years. It has all the controls and equipment of a regular size of engine. It drives a pressure of 80 pounds per square inch, compared to an average of 150 to 200 pounds per square inch of power in an actual engine. It is at present immobilized, but won't be for long. In Windsor, Mr. Collins had a raised track 650 feet in length for the train. He hopes to construct a track on his property here in the coming summer, but says it will depend on the amount of time and money that he has to spend on it.

In time he would like to construct a second engine, an Oldtimer, on a one and one half inch scale, that will require a different gage of track that his South Pacific engine. He plans to lay a ground track for the South Pacific train that will cross a trestle, go a short distance into the bush and once again come out near the restaurant. The second track when it and the second train are ready, will follow the same route.

Mr. Collins is a strong supporter of the Credit Valley Railway, a non profit project of the Ontario Rail Association that hopes to open a rail museum, and run steam powered excursion trains on seven miles of Canadian National's disused track between Georgetown and Cheltenham, Ontario. He feels that every effort should be made to preserve what still remains of the skills information equipment that belong to the country's steam rail heritage, and says that the Credit Valley Railway is doing that job.

Doug Collins, too is to be admired for the craftsmanship, skill and enthusiasm that he has brought to the job of preserving what is left of rail travel. It is good to hear that someone is bringing steam back to Haliburton.

Curling News

Haliburton Curling Club's good Junior rink came through with a big 8-7 win on Sunday at Peterboro to win the final of District 4, and now go on to Gananoque on Jan. 30 to play winners of District 1, 2 & 3 - the top 2 teams from this play-down go into all Ontario finals. We are proud of these boys - Steve Colliver, skipping, Grant Wallace as Vice, Brent Colliver 2nd, and Mike Cummings leading.

While the Juniors were winning, Bob Collivers rink of Clark Bailey, Bob Huston and Neil Burke were taking 3 games at Minden to win the CARNARVON LUMBER TROPHY in Minden Club's 1 day Bonspiel. We congratulate Minden Club's organization and hospitality and their ladies for a grand dinner. Haliburton's second rink of Tom Stinson, Gary Bailey, Ken Fielding and Steve Bodmore - winners last year, had to be content with a tie for high single. Rinks from Minden, Wilberforce, Haliburton and a strong young rink from Humber Highland in Toronto competed.

Competition in all leagues at the local Club is very keen with rinks well balanced and close games the order of the night. We have 6 rinks competing in our big SKYLINE 18th Annual Spiel which opens at 4 p.m. Friday, with all finals on Sunday for the 4 big trophies donated by Haliburton Lbr. - Curry Motors - Esso-Connelly - and Black Hardware. 32 rinks made up the spiel under the supervision of Jack Robertson and Tom Stinson, and we hope to see one of our strong rinks come out on top - won last year by Bob Timbers of Uxbridge and in 1975 by John Piper of Oshawa. The Club is also busy preparing for the Highland Mixed Spiel and the Carnival Mixed in February.

Third annual atom tournament

Teams from as far away as New York State, will be competing in the third annual Lake Kashagawigamog Tourist Association Atom Hockey tournament this weekend.

There will be 16 teams competing in the tournament which is sponsored jointly by the tourist association and the Haliburton Minor Hockey Association.

Along with the atom teams from Haliburton and Minden teams will be coming to town from places like Georgetown, Oak Ridge, Huntsville, Oshawa and Mississauga as well as a number of other areas. Some of the teams are competing in the event for the third time.

The action starts this Friday at 3:30 p.m. and will continue that evening until 6:30 p.m. On Saturday play

begins at 9 a.m. and will continue until the 8 p.m.

Sunday, the final day of the tournament, teams will take to the ice at 10 a.m. and the final game is slated to begin at 4:30 p.m.

A number of awards will be handed out to individuals and teams including a crest for every participant in the tournament.

Trophies will also be given to the three stars of each game.

About 400 parents are expected to attend the three day tournament.

Along with part sponsorship in the atom tournament the tourist association also sponsors the Haliburton Atoms.

A pee wee tournament, also sponsored by the tourist

association and the minor hockey association will take

Medcalfe leads way in Combines

Bruce Medcalfe Jr. led the high low triple scoring on January 15 in the Tuesday Night Combines bowling league.

Bruce bowled games of 309, 187 and 195 for a total of 691. He had a good lead over second place Bill Cowan, who had a total of 66 points, and games of 192, 244 and 230. Pearl Foster came third with 196, 267 and 184 for a point total of 647.

Art Beatty rolled 237, 235 and 172 to come fourth with 644 points. Bruce Medcalfe Sr. took 181, 291 and 163 for a 635 total. Danny Harding scored 206, 213 and 190 for 609.

High singles were registered by Mabel Medcalfe

place in two weeks time. That tournament will feature

22 teams, including six double A clubs.

with 245, Millie Beatty with 226 and Gertie Ripley who bowled 233.

Harry Hobden came next with 222 followed by Marnie Bunn and Art Hunt tied with

scores of 219. Lillian Gorge-att scored 212, Gail Medcalfe bowled 208, Bob Patton, 207 and Brenda McKinlay, 203.

Rolls 440

Ken Sawyer rolled 11 straight strikes and hit a head pin to come up with a 440 single, the highest ever recorded at Carnarvon Lanes.

Ken was bowling with Marie and Ray Jenkins at the time of his big game.

Minden news

Guests recently with Mr. and Mrs. Phil Robinson included Bradley Robinson of London, Mr. and Mrs. Roy Rogers and David of Orillia, Mr. and Mrs. Ern Voycey of Cambridge, Miss Linda Voycey of Hobbema Alta. and Mrs. P. Cockburn and Lois of Woodville.

Sincere sympathy goes to the families and friends of the late Johanna DeBos. Mrs. J. Fairfield, Ethel Thorpe, Mrs. Floyd Hall, Mrs. Fred Griffing, Hugh Griffin and Mrs. Clayton Rogers who died recently.

Recently Cindy Dale of Florida came to visit Val and Glory Gilpin at Horseshoe. She enjoyed herself visiting her friends and hopes to get back soon.

Mrs. William Cox enjoyed a happy time on the occasion of her 84th birthday Jan. 8 at the home of her son Denzil and some 40 friends and relatives were present.

The community sends good wishes to Mrs. Holly Stevenson at Haliburton Hospital and to Mrs. Les Hogg and Joe Warburton at Civic Hospital, Peterborough.

At the weekly Mini Card Party at the Parish Hall last Thurs. afternoon winners were for bridge Helen Stiff, for cribbage Mary Maidens and Cora Hewitt and for euchre Harry MacMinn, Norah Briggs and lone hands Shirley Elcome.

Another lucky lady at Rotary Bingo when Melinda Woods won the First Snowball of \$84 in the 22 numbers called. Congratulations to her.

Student exchange

The Rotary Club of Haliburton is continuing to participate in the Student Exchange Program.

On Friday, January 14, Jennifer Willis returned to Australia after spending a year in Haliburton with various Rotary Club member families.

On January 15 a new student arrived from South Africa, her name is Jennifer Bowen and she will also be staying for a year. Please make her welcome and we hope that she will enjoy her stay here with us.

Municipality of Dysart et al

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO CLOSE THAT PORTION OF PART OF LOT 14, CON. IV AND V, IN THE TOWNSHIP OF DYSART.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284 Sec. 443 of the Municipal Act, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, February 14th, 1977, a By-Law to Close, Stop Up and Convey the following:

ALL AND SINGULAR that certain parcel, or tract of land and premises, situate lying and being in the Township of Harburn, in the Provisional County of Haliburton and being composed of part of the original allowance for road between Concessions IV and V, across part of Lot 14, in the said Township and which said parcel or tract of land is more particularly described as follows:

PREMISING that the bearings herein are astronomic and derived from the Northerly limit of Lot 14, Con. IV, having a bearing of North 69 degrees 08 minutes East as shown on Registered Plan No. 226.

COMMENCING at the North Easterly angle of that part of Lot 19, Registered Plan No. 226 for the said township lying in Concession IV;

THENCE South 69 degrees 08 minutes West along the Southerly limit of the aforesaid road allowance, a plan distance of 100 feet to the North Westerly angle of that part of Lot 19, Registered Plan No. 226 lying in Concession IV;

THENCE North 20 degrees 52 minutes West, 66 feet to the South Westerly angle of that part of Lot 19, Registered Plan No. 226 lying in Concession V;

THENCE North 69 degrees 08 minutes East along the Northerly limit of the aforesaid road allowance, a distance of 47 feet to the South Easterly angle of that part of Lot 19, Registered Plan No. 226 lying in Concession V, at a point distant 66 feet measured Southerly from the high water mark of Haliburton Lake as defined by Registered Plan No. 226;

THENCE Easterly along a line drawn parallel to an distant 66 feet measured Southerly from and perpendicular to the high water mark of Haliburton Lake as defined by Registered Plan No. 226 to a point where the same is intersected by a line drawn through the point of commencement on a course of North 20 degrees 52 minutes West;

THENCE South 20 degrees 52 minutes East to the point of commencement. AND WHICH said parcel or tract of land may be further illustrated as shown on a sketch drawn by H.C. Bishop, O.L.S., dated November 10, 1975 and hereunto attached.

AND TAKE FURTHER NOTICE that before passing the said By-Law at its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person, or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-Law and who applies to be heard.

DATED AT HALIBURTON, this 6th day of January, 1977.

Wayne B. Wood

CREATE COMMUNITY JOBS NOW. GET YOUR APPLICATION IN BY FEBRUARY 4TH.

Canada Works
Young Canada Works

The restoration of historical buildings, the construction of a fire hall, the replacement of an outdated water system. If you stop and think about it there are probably many good projects that could create jobs and be of great benefit to your community.

This year, a new job creation program called Canada Works will help fight unemployment by providing funds to groups and organizations including private businesses, for worthwhile community projects.

If you have a project that can provide a minimum of five jobs for unemployed people in your area, submit your application to Canada Works.

But do it now. The deadline for applications is February 4th.

Right now, your Canada Manpower Centre has application forms and a Canada Works "Guide to Applicants" that describes the program and how to apply.

Visit your Canada Manpower Centre today. Canada Works: Make it work in your community.

This summer Young Canada Works will help reduce student unemployment by creating jobs in your community. The students will work on projects of community benefit that will enable them to test their career aspirations.

Any established organization can submit an application to Young Canada Works.

Your proposal should provide a minimum of three student jobs for six consecutive weeks. Projects can operate for up to 14 weeks between May and September. Your local CMC has a Young Canada Works "Guide" and application form.

Submit your application now. The deadline for Young Canada Works is February 4th.

Young Canada Works for students in your community.

IT'S GOING TO WORK FOR YOUR COMMUNITY.

This and That

BY JENNIFER WOODS

During the Christmas vacation we were invited to a friend's house for dinner and she served Pitta. Pitta is a round flat bread about 5 inches across that forms an internal pouch in the baking. This pouch is filled with whatever you desire but something exotic is really called for. Susan used a chick pea filling with sesame seeds which we garnished with tomatoes and lettuce topped with plain yogurt. Boy, was it delicious. And she has generously given the recipe to me to share with you.

The word pitta is Greek for pie and it is certainly an unusual way of making a sandwich. There are a few things to watch for when making this bread. The dough is first formed into balls, and then flattened into rounds 1/4 inch thick. If you leave creases in the dough as you shape them these creases or pinches tend to stay, and the Pitta won't rise there. You've lost your last chance at a pouch along that pinch.

1 teaspoon active yeast
2 tablespoons honey
1 tsp. salt
2 cups hot water (not hotter than 80 F.)
5 to 6 cups flour (approx.)

Combine risen yeast mixture, salt, honey and hot water and stir. Add four cups of flour. Spread 5th cup over the kneading board and knead bread. Add enough of the remaining cup as required to make up med. stiff dough. Knead for 2 min. do not overknead.

Let it rise until it has doubled in bulk. Punch down and knead slightly to get rid of any big bubbles.

Dump the dough into a slightly floured board and cut into 12 pieces. Roll the 12 pieces into 12 balls, and place on the floured board. Cover the dozen with a clean towel and let it rise for ten minutes. Preheat the oven. The pitta will be baked at 450 F so try to keep the oven constant by putting the dial at 500F.

After 10 minutes uncover the balls of dough and begin to shape. Pull one gently from the board and lay it in the palm of your hand and press and pat until it begins to flatten. Gently. Now, because the balls have rested for 10 minutes before flattening the tops have dried. So there is a dry and wet side. Lay the dry side on the board and with your palm press and pat and pound (don't poke) until the ball is flattened into a round of dough about 1/4 inch thick and 5 inches across. Gently lay this round of dough on a slightly greased baking sheet. Then place the baking sheet in the oven as close to the bottom as you can.

The bottom colour of the bread is the indicator that the bread is ready. Bake two at a time. The top will still be pale and that can be put under the broiler for a count of 20. The first pittas will take 7 minutes. Keep the baking sheet in the oven at all times so you do not lose heat. Use oven mitts this is a hot job.

FILLING MIDDLE EASTERN TACOS
2 cans drained chick peas 1/2 tsp. salt
1/2 cup toasted sesame seeds 1/2 ts. cumin
2 cloves garlic
2 tablespoons lemon juice
3/4 tsp. coriander, ground
1/2 to 3/4 cayenne pepper.

Pure all ingredients together.

The Pitta is also great filled with cheese and ham and returned to a medium oven to heat.
I hope this recipe doesn't seem too difficult for you because I know that you will enjoy making this bread. Do try it. This recipe is perfect for anyone who is on a vegetarian diet as the yogurt complements the protein in the flour and chick peas giving a balance of the amino acids. Good luck.

COUNTY ECHO FAMILY

A letter from West Malaysia

The Salvation Army Clinic
Betang Melaka
Negri Sembilan
West Malaysia
December 1976

My Dear Friends:

Greetings from tropical Malaysia! This is the first time that I have written a 'Newsletter' from here but I wanted to greet all of you especially at Christmas. My thanks to so many of you for your support in Prayer, for your letters and for sending money just when it was needed. Sometimes when I have felt God's strength abundantly supplied - a day or two later a letter has arrived to say 'we prayed for you!' And many thanks when we have wanted to make some changes in the clinic, or when we have said that equipment is needed for our work, money has arrived and I do thank God for your faithful support!

Let me tell you something of our set up. Our hall, clinic and house are under one roof. We are situated on the main street of Batang (the village only has one street) in the centre of town. The Cross on our hall is clearly visible to all who pass either on the road or by train which runs frequently outside my bedroom window. We are on the main railway line from Penang to Singapore.

The hall is only used on Saturdays for two hours when the Girl Guides meet, and on Sunday for Tamil and Chinese Sunday School and for the evening meeting. The rest of the week it sits unused. We are in the process of making enquiries about opening a kindergarten. Many children are either left on their own or farmed out for a neighbour to mind while the parents go rubber tapping. This is one project that we hope to commence in the new year and some friends in Subiaco, West Australia, have promised to provide money for this project.

The clinic work is our

main reason for being. We are open every day of the week, Tuesday - Friday, morning and afternoon; Saturday - Monday only in the morning. Beside the regular clinic hours, we usually have several babies to bath. We visit our mothers who have given birth, every day until the baby's cord is off and then weekly until the baby is one month. Just before going on leave in November, we had 10 babies to bath beside the regular clinic work. Needless to say we took our lunch late.

Our house is very large. On the ground floor we have a dining room and a room for the amah. Upstairs are 3

bedrooms and a large room which we now use as the office. Fortunately we employ an amah who does all our cleaning and keeps our house in order.

Incidentally, we have two animals in our house. "Pussy" is our cat (that is actually her name) and "Kerry Brown" is our dog. We inherited her from a British family (the Browns) who returned to England in June 1976. She has won our hearts even though she likes to occasionally get out and run in the village. We frequently must settle quarrels, because these animals just cannot agree!

Most foods are available

here, but European food is more expensive than local food, as you would expect. Consequently local food is our main diet. Malay dishes are rather oily, so I prefer either Chinese or Indian food. Most frequently we eat Chinese food. I'm even learning to cook Chinese food and can now prepare three dishes acceptable (I'm a slow learner!) Any adjustment in my eating habits certainly has not affected my weight one bit!!!

In most cities in Malaysia, where Salvation Army work is established, English is spoken. But in our village, it is essential to learn the national language - Malay.

We have been having one hour of tuition each week. Recently our Headquarters in Singapore gave permission for us to buy the Linguaphone course in Malay, and now by playing the tapes and studying the accompanying material, we have a lesson a day.

Our work in the clinic takes most of our time and energy - but we do try to run a Corps program as well. We hold the activities - but there is no time to visit the people and do proper follow up work. Because most of the people in the Village are Chinese, a Chinese Officer is really needed to do the Corps work - but there are none. At the present time there are only 13 national Officers in the whole command!

Please pray for our evangelical work. We have some lovely young people, but they are afraid to follow Jesus because of their family's opposition. At least they are coming to the Corps and they are learning to trust us after nearly one year, and we thank God for that. The Government is happy to accept the social service we offer, but they fear our Christian work and consider Christianity the number one enemy of the country! Our greatest need

is more national Officers to reach their own people.

This has given you some insight into the work that I am doing. I will try to send some more information about specific people to you in the near future.

Now I pray for you a Happy Christmas and New Year which brings you joy because you are doing what God wants for you!

God bless you.
Yours sincerely,
Betty Barnum

Gems of Truth

Flying on One Wing
(con't from last week)

Not only is the "Literal Return of Jesus" to this earth an established Scriptural pronouncement, but also all history past, present and future is meaning less without that event. The destiny of man, nations, the universe, is determined by His return at the end of the Church age. The Lord's Coming is certain, no matter who or how many people deny it or seek to explain it away. Luke 12:45-46. There are many who have been caught in the Satanic delusion that Jesus returned when the Holy Spirit entered on the scene of mankind in a new way on the Day of Pentecost. This can in now way be called a literal return, as the Scripture says that it is "this same Jesus" that will return. Acts 1:10-11. Neither is the fervent enthusiasm of "kingdom" building of our day in any way the authentic fulfillment of the literal return of the Lord Jesus Christ. It also is the effort of Satan and his hosts to detract from the literal appearance of Jehovah Jesus. He well knows that his doom is sealed at the literal appearing of the Conqueror of Calvary. Rev. 20:2,10.

While the fact of the literal return of Jesus is established by both Old and New Testament writers, the exact time of that appearing is unknown to Man, it is strictly in the Father's Hand. Acts 1:6-7. However, in Luke 12:35-40 Jesus gave a notable exhortation in regard to the watchful attitude His own people should have and thus not be caught unawares of His return. It is very significant that He only mentioned the second and third watch of times as observed by the Romans of His day. Why not the "first" or the "fourth"? It seems that a soon return of the Lord Jesus was anticipated by the early Christians, so much so, that false teachers had led some believers at Thessalonica to believe that the "Day of the Lord" had already come as persecution continued to be their lot. 1 Th. 2:1-5. Watchfulness for the return of the Lord of Glory calls for patience and diligence, no idle sitting around as some practice. A fourth watch appearing would tend to carelessness and unbecoming behaviour because of a delayed appearing. It is thus that Jesus mentions only the 2nd and 3rd watch as a necessity to being prepared. Whether coming early of late, the servant of the Lord is to be watchful. The loins are girded, ready to move. 1 Kings 18:46, Luke 12:35.

A further injunction is given in connection with girded loins and that is, lights are to be kept burning (V. 35b) Light is essential to seeing at night, and this whole world is viewed as being in darkness or night-time while the Lord is absent. It is not for naught that Scripture strongly pleads with Gods born again children to be "lights" for the Lord, in His absence from the earth. This will be the essence of rewards bestowed upon His own at the judgement seat of Christ which is solely for service given on behalf of salvation received. 1 Cor. 3:12-15, 2 Cor. 5:10.

(con't next week)

The Word of God By Brian V. Sullivan

Into captivity in 586 BC. The theme of the book is summarized in these words: "Repent of Perish."

Next week, we will notice the Babylonian Captivity period of Old Testament History. See you then.

IN MEMORIAM

BACON - In loving memory of our dear Daughter Laurie Jean who was accidentally killed January 20, 1974. Dear Baby Valerie Anne, who died January 29, 1958 and a beloved Aunt Amy Richardson who passed away January 3rd, 1976. Sadly missed along life's way. Quietly remembered every day. No longer in our life to share But in our hearts they're always there. Ever remembered, ever loved by your family.

Coming Events

Meet the D.O.C., at the Haliburton High School, Thursday evening Jan. 27th at 7:30 sharp. This will be a question and answer session in regards to Radio procedure, Rules and Regulations. No admission charge, everyone welcome. Refreshments will be served. Please leave your linear's at home!! For more information contact Reg Brooks at XM42 18471 channel 09.

IN MEMORIAM

HEWITT In loving memory of a dear Brother and Uncle, Sterling who died accidentally, January 19, 1974.

Brother dear, we miss you so. All through the days that come and go Through winter, spring, and summer weather The times when we were all together You gave us such joy, love and pleasure Your memories we will always treasure.

Sadly missed by Brother, Sisters Inlaws, Nieces and Nephews.

HEWITT In loving memory of my dear Son, Sterling, who died accidentally January 19, 1974.

Little I knew when I woke that morning That sorrow the day would bring. The call was sudden the shock severe To part with the one I loved so dear. God gave me the strength to meet it And the courage to meet the blow. But what it meant to lose you No one will ever know, You left some beautiful memories And sorrows to great to be told, But to the ones who loved you and lost you Your memories will never grow old.

Always remembered and sadly missed by Mom.

IRISH In loving memory of a dear dad Charles Edward Irish, who passed away January 21, 1972.

There is no parting for those we love. No distance can divide For each day in memories garden We shall still walk side by side. Wherever life may take me, Whatever I may do. These memories of the years we shared Will keep me close to you. How sweet the memories still But death has left a loneliness The world can never fill.

Deeply loved and sadly missed by daughter Joyce and son-in-law Al.

IRISH In loving memory of our dear granddad Charles Edward Irish, who passed away on January 21, 1972.

Time goes on with many changes Joys and sorrows, smiles and tears But your memory never leaves With the passing of the years. Lovingly remembered by grandson Larry and granddaughters Julie and Debbie.

The HALIBURTON LEGION PIPE BAND will be starting a new class of beginners for pipers and drummers commencing Thursday, Jan. 20/77 at 7:30 p.m. at the Legion Hall. Pupils should be dedicated and willing to practise at least half an hour daily. Instruments and music will be supplied or can be purchased through the Band. If there are some who are interested but live in areas some distance from Haliburton and would be unable to attend weekly practises, please contact us and we will try to make arrangements for tutoring. If further information is required contact Don Johnston, Band Manager, at 457-2883.

Huskies pick up tie

The return of Tom Curry to the Haliburton Huskies line-up has produced quite a bit more scoring power but the club is having trouble coming up with wins.

Curry has picked up 12 points in the two games since his return but the club was only able to muster one point in the standings during that time.

Friday night Curry got six points while team mate Joe Roberts picked up seven but they were able to do as well as Haliburton a 9-9 tie with Bancroft.

Roberts is making a run at the league's scoring lead.

Haliburton came out flying in the first period and

outscored Bancroft 4-2. Scoring were Dave Hartwick from Roberts and Curry, Curry from Roberts and Hartwick and Ernie Bain with two, from Roberts and Tim Oram and Roberts and Hartwick.

Scoring for Bancroft in the first period were Chris Altoft from Glen Watson and Len Bruce and Al Linton from Roger Kellar and Jeff Murphy.

The Huskies widened the count to 6-2 by the end of the second period on goals by Hartwick from Curry and Roberts and Oram from Bain and Roberts.

Bancroft came out flying in the third period and outscored Haliburton 7-2.

Doug Robock opened the scoring for Bancroft with only four minutes gone in the period. The goal was unassisted. Linton put the visitors within two goals two minutes later when he connected from Kellar.

Haliburton watched their lead drop to one goal at the 8:39 mark of the period when Bruce connected on a play from Kellar and Mark McGhee.

Curry's second goal of the evening with 7:42 remaining to play gave Haliburton a two goal edge again but that was short lived.

Linton scored for Bancroft at 13:59 of the period on a play from Kellar and Bob Bierworth.

The Huskies looked like they were going to put the game away when Dave Levely connected from Curry with only 5:14 to play and just 30 seconds later Roberts scored from Curry to give Haliburton a three goal edge.

From that point on it was all Bancroft when Robock scored from Kellar and Linton, then Linton from Robock and Watson and finally with just 45 seconds remaining and the Bancroft goalie out of the net for an extra attacker Kellar connected from McGhee and Linton to tie the game.

A total of 26 penalties were called in the game with 13 going to each team.

The Huskies next home game will be this Friday night at 8:30 p.m. when Bewdley comes to town and the club travels to Bancroft on Sunday for a contest that starts at 2:30 p.m.

Mrs. Pauline Otto, of Haliburton, was honoured at a recent meeting of Highland Chapter No. 230, Order of the Eastern Star when she was presented with her 50 year pin by Mrs. Lillian Curry. Pictured is Mrs. Otto, Mrs. Curry, and the Worthy Matron, Mrs. Sharon Hunter of Gooderham. Mrs. Otto has been a faithful member and officer in the Chapter since 1926.

Linda Morrison tops Wed. bowling league

Linda Morrison rolled a 276, 218, 312 (806) to push her average to 224, the highest female, in the Wednesday afternoon league.

Other high scores registered were Bill Barber 295 (684) Ev Griffin 230 (599) Marie Jenkins 243 (642) Ev Stata 226, 223, 190 (639) Alma Stewart 222, 222, (605) Art Beatty (Spare Bowler) 213, 198, 272 (683) and Muriel Peters 235.

To date the Flyers hold the high game record for the year 1,192. Sooners have 1,152 and Floozies a 1,137. The Fonzies lead the league with 38 points, Holly Hawks and Sooners have 28, Flyers 26, Floozies 22 and Jets 7.

Nicholls gets 14 points to lead midgets' victories

Bernie Nicholls picked up 14 scoring points, including eight goals to lead Haliburton Beaconbrook Midgets to two wins over the weekend.

Friday night in a game played in Port Perry against Little Britain the hometown club scored the first goal and then sat back and watched Haliburton score 10 times in a row to find themselves on the short end of an 11-2 score.

In a closer contest Saturday night between Haliburton and Cannington, Haliburton let the visitors get a 3-2 lead at the end of the second period before storming back for five goals in the final frame. The game was played at the Dysart Arena.

In the Friday night contest Little Britain's Dave Gilson gave his club the early lead on a play from Stacy Savage and Bryan Teel at 2:15 but from there on it was just about all Haliburton.

Rod Consack started the scoring spree for Haliburton when he connected from Nicholls and Dean Potter at 3:40.

Nicholls scored just 20 seconds later from Mike Iles and Mike Scheffee.

It was Nicholls again at the 7:15 mark on a play from Consack.

It took Haliburton almost one third of the second period to get going but the club made up for it in the final 10 minutes of the period by coming up with five goals. Four of the goals were scored in the final five minutes of the period.

Consack fired his second of the evening at 4:50 of the period from Nicholls and Iles.

Dave Harrison gave Haliburton a 5-1 lead at 11:35 of the middle frame from Dwight Sisson.

Just over one minute later Scheffee connected from Nicholls to give Haliburton a 6-1 lead.

Nicholls increased the score exactly one minute late on a play from Consack and Scheffee.

Harrison's second goal of the game with only 15 seconds remaining in the period gave Haliburton an 8-1 lead to end the second frame.

Haliburton came out to make sure of the win early in the third period when Nicholls scored from Consack and Ed Roberts at the one minute mark.

Just four seconds later Sisson connected from Bill Musclow and Roberts for

Haliburton's 10th goal.

Little Britain got back on the scoresheet at the 4:30 mark of the period on a goal by Teel from Gilson.

Roberts picked up Haliburton's final goal of the game when connected from Sisson at the 10 minute mark of the period.

A total of 16 penalties were called in the contest with nine going to Haliburton.

Haliburton spotted Cannington a 2-1 lead early in the second period of Saturday night's game and found themselves down 3-2 by the end of the middle frame before coming back for a 7-5 win.

Cannington's Tony Scheepers gave the visitors a 1-0 lead in the first period when he scored with 5:26 remaining from Brad Nicholson.

Mike Blake ran the count to 2-0 at the 1:40 mark of the second period on a play from Nicholson and Scheepers.

Nicholls put Haliburton back into the game at the 3:24 mark of the period on a play from Andy Salvatori.

Scheepers gave Cannington a two goal lead again at 10:42 of the period with the assist going to Nicholson.

Sisson put Haliburton within one goal with only 2:31 to play in the second period when he scored from Salvatori and Iles.

Cannington came out in the third period like the club was going to put the game away when Blake scored from Nicholson and Jim Cadieux.

Nicholls put Haliburton within one goal again when he scored from Scheffee and Iles at 4:18 of the period.

Scheffee evened the count less than 30 seconds later on a play from Nicholls and Scheffee.

Salvatori gave Haliburton the lead for the first time in the game with five minutes remaining when he scored from Nicholls and Scheffee.

Nicholls scored the eventual winner at 11:30 of the period with assists going to Consack and Scheffee.

It was Nicholls again with just 1:13 remaining to play to widen the difference to three goals.

Iles and Scheffee drew assists on the play.

Ken Hales scored the final Cannington goal in the final seconds of the game. The goal was unassisted.

A total of 19 penalties were called in the game with 12 going to Haliburton.

Do you consider your woodlot to be a source of income? Many private landowners rely upon the financial gains resulting from periodic timber harvests. The Ministry of Natural Resources invites you to take advantage of our FREE Timber Marking and Advertising Service. Marking will be carried out by our experienced staff, following the most up-to-date forestry practices. Market competition arising from the advertisement of your timber will ensure that you receive a fair price.

For further details please contact the Ministry office in Minden at (705) 286-1521.

Haliburton Highlights

BY CREIGHTON FEIR

Construction has started on the new curling rink at Haliburton and some of the fill being taken out after the excavation is being taken to the Rotary Beach. This means that next summer we will have a larger swimming area. When the ice gets on Head Lake good beach sand should be placed on the ice so that it will drop in place when the ice goes out.

It's time once again for the local council to take a look at the colored lights on the Main Street of Haliburton. Most of them are out of order. Let's hope that it's not too long before new bulbs are installed as they add a lot to the appearance for people driving into town.

Vicky Blakely, Manageress of Stevens Hairstyling, is visiting her relatives in Ireland, England and Scotland for the past two weeks. She plans to return to Canada on or about September 22nd.

Star Wars, one of the big motion pictures of the year, is really packing them into the Molou Theatre at Haliburton. Don't forget if you missed it last weekend it will still be on this coming Friday, Saturday and Sunday.

Rev. Tony Capon, former director of Scripture Union and now Field Secretary of Wycliffe College for Canada, will be the guest speaker when the Brotherhood of Anglican Churchmen hold their monthly communion and breakfast at St. Margaret's Anglican Church at Wilberforce this coming Sunday, September 18th, at 8:00 a.m. The Sunday School Class will be attending this service and breakfast. All B.A.C. members are reminded to meet at the parking lot of St. George's, Haliburton, at 7:15 a.m.

Evangelist Olive Firm, of Fort Worth, Texas, has just completed a one week revival at Allsaw Pentecostal Church. This was her first visit to Canada. She said she never saw such beautiful scenery as there is in the Haliburton area.

Jim Badgley, our news editor here for the Haliburton County Echo and Minden Recorder, along with his wife Shirley, were in Toronto last Thursday to see the Toronto Blue Jays play the Boston Red Sox. May we remind all you ball fans who haven't seen the Blue Jays in action that only a few home games are left in the season. Baltimore and the New York Yankees will be coming and the season ends on October 2nd against the Cleveland Indians.

The Kinsmen Club of Haliburton are still preparing for the upcoming Fest-A-Colour which will be held at the Haliburton arena on September 24th. They have a big event lined up for you.

The hockey season will soon be with us once again and here in Haliburton County minor hockey associations are having meetings or will be planning on having meetings in preparation for the year ahead. Just talk to anyone who has been involved in minor hockey and they will tell you that there is a lot of work in an organization of this kind. In our opinion there is no better place than at the arena for a boy playing in the Minor Hockey Association. If he plays minor hockey and joins in with the other boys, chances are that he will grow up to be a good citizen in the future. The boys who play minor hockey should stop and realize just how lucky they are to have the opportunity to play in an organization where men and women are giving their time without charge so that they will have a chance to receive good coaching and learn to play in a sportsmanlike manner. Each year it seems to be a problem to line up enough coaches, managers, referees and people to serve on the executive. Let us hope that this year will be different and that all these positions will be filled. At the present time we have a number of boys just hanging around the streets. Let's hope that they will get involved in hockey this winter.

A visitor to Haliburton, on Sunday, thought that it would be a great idea to open up the road next to Head Lake from the first crossing to the town dock, for through traffic. This would be an alternate route and would give the visitors a better view of the lake.

At various times we get talking about official plans. We must remember that official plans are not something forced upon a municipality because our civil servants have nothing better to do in Queen's Park. They serve a very important place in the orderly development of our municipalities and the province.

The members of the Kinsmen Club of Haliburton told me on Monday that they still have plenty of tickets left on the draw they are having on the 1977 Blazer. The draw will take place on October 8th which is Thanksgiving weekend.

Some people have come up with the idea of having a skating arena at the tennis courts this winter. They claim that the lights are already there and since ice skating time at the local arena is limited, that this would be ideal. The question does arise that if it was flooded it might break up the asphalt base of the court. It's an idea and the tennis club might be able to collect some revenue from this venture by charging a fee to skate.

Mr. & Mrs. Ken Maguire, Wolfe Lake, near Gooderham, entertained her parents, Mr. & Mrs. J.J. Stewart and several friends at PineStone Inn, Haliburton, Wednesday, September 7, 1977, on the occasion of their 62nd Wedding Anniversary.

Second Section

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Vol. 96 No. 4

Wednesday, September 14, 1977

Low water in the reservoir lakes has caused quite a few problems for cottagers and resort owners. A meeting will be held at the Royal Canadian Legion in Haliburton, on Sunday, to discuss the problem. MP, William Scott, and MPP, John Eakins, are both expected to be at

the meeting to see what they can do to help with the problem. Cottagers were notified of the meeting in a letter from Dysart et al Reeve, Murray Fearrey.

Council objects to the lowering of water levels

Haliburton - Dysart et al council is objecting to the possible lowering of the water in Kinnis, Redstone, Canning, Kashagawigamog and Hawk Lakes during the winter.

Council received a letter Monday from the Trent-Severn Waterways, noting that a lowering of the water this winter could cause problems in some of the lakes.

Reeve, Murray Fearrey, in suggesting that the council object to the lower levels, said "There we go again losing more of our reservoir."

He pointed out that there could be a lake level problem in the Haliburton area again next year if two feet is taken off the lakes during the winter.

The council passed a resolution that said that they were against any lowering of lakes in the municipality until a suitable arrangement could be made concerning the control of water levels.

"They sure asked for this at an opportune time," commented Reeve Fearrey, referring to this summer's low level problems on lakes.

The concern over low levels

Channel improvements approved by MNR

Haliburton - Channel improvements between Miskwabi Lake and Long Lake would meet with approval of the Ministry of Natural Resources.

In a letter to Dysart et al council it was noted that the Ministry was not against clearing out some of the rocks and logs in the channel but suggested that approval be obtained from the adjoining property owners because a better channel would cause higher speeds by the boat traffic.

It was noted that approval would have to be obtained from the Ministry for any blasting operations taking place in the channel.

Reeve, Murray Fearrey, noted that the council is hoping that the clearing becomes part of a winter works project.

on lakes will be brought out at a meeting scheduled for Sunday at 10 a.m. at the Royal Canadian Legion Branch in Haliburton Village.

In a letter to land owners on area lakes, Reeve Fearrey said, "For years the major problem confronting Haliburton cottages has been the varying levels of the lakes."

He noted that a "disastrous" lowering of water levels in the reservoir lakes has continued despite yearly meetings between the Haliburton Highlands Property Owners' Council and the operating officials of the Trent Canal.

"Now, the Warden, Robert Vick of Haliburton County, and several of the reeves, realize that the future of cottage country is being jeopardized by the situation and invite the presidents of their representatives and other interested individuals of the

provincial matter, or a matter for the Ministry of Natural Resources, and lastly and most accurately, a matter of richer tax revenues on the Trent System."

He pointed out that as of six weeks ago it became a matter of a business loss for

the marina which she notes is now situated on an "almost impassable waterway."

"Boaters are not taking chances with lower unit and port damage and we have been faced with a 70 per cent loss in business at the lake because of this," she said in the letter.

Mrs. Evans went on to note, "The newspaper says lake levels are up, but ours has dropped eight inches in the past weeks. Now people are worrying about getting boats in for storage. If we lose this end of the business, we may as well close down."

Big Chute is continuing with the exterior of the new control building nearing completion. Also, the track is being laid on the footings, while work continues on the new car in Toronto. The site is beginning to take shape and the size of the new railway is becoming very easy to envision.

Construction crews are still working on the Nassau Dam near Peterborough.

The new marine railway at

er begins in earnest.

As operations on the canal slow down, planning is taking place for the major yearly maintenance which is usually done during the non-navigational season.

Construction crews are still working on the Nassau Dam near Peterborough.

Marina owner wants an adjustment in taxes

Haliburton - A representative of Fort Irwin Marina, on Haliburton Lake, said that the land taxes on the business will not be paid until an adjustment is made to compensate for the low water levels this summer.

In a letter to Dysart et al council, Mrs. Wanda Evans said, "Please be advised that we will not be paying land and business taxes for 1977 until they have been adjusted, for losses suffered due to the water level of the channel connecting Haliburton Lake and Oblong Lake."

The letter went on to say that they understand that the problem is a federal matter, "but taxes are a municipal matter, and we will not pay for something we do not have."

The council advised the owners of the marina to appeal their assessment.

In another letter to council, Mrs. Evans said, "In recent months you have heard much clamouring over the deplorable water levels in some lakes in the region. We have been among those told that this is a federal matter, or a

provincial matter, or a matter for the Ministry of Natural Resources, and lastly and most accurately, a matter of richer tax revenues on the Trent System."

He pointed out that as of six weeks ago it became a matter of a business loss for

the marina which she notes is now situated on an "almost impassable waterway."

"Boaters are not taking chances with lower unit and port damage and we have been faced with a 70 per cent loss in business at the lake because of this," she said in the letter.

Mrs. Evans went on to note, "The newspaper says lake levels are up, but ours has dropped eight inches in the past weeks. Now people are worrying about getting boats in for storage. If we lose this end of the business, we may as well close down."

Big Chute is continuing with the exterior of the new control building nearing completion. Also, the track is being laid on the footings, while work continues on the new car in Toronto. The site is beginning to take shape and the size of the new railway is becoming very easy to envision.

er begins in earnest.

Reservoir storage is down to 45 per cent

The storage amount in the Haliburton Area Reservoir Lakes declined to about 45 per cent over the eight days ended Sept. 6. At this level it is still higher than the long term normal. On many lakes, however, particularly in the lower Gull River watershed levels this low have not occurred for some nine years.

This is largely due to continuing summer operation until Thanksgiving rather than drawing down the upper lakes after Labor Day as used to be done. This policy was changed a few years back to make those last few trips to cottages on the upper lakes more enjoyable for cottagers.

Levels of Twelve Mile and Horseshoe Lakes especially will rise somewhat after Thanksgiving when the remaining water from upstream lakes will be run off. Water stored on these lakes is used to generate electricity at the Minden Power House over the winter.

With the resumption of school, families have returned home and activities and traffic around the lakes and waterway have slowed down considerably. Most activity is now on the weekend, as people enjoy the last warm days before the cooler weather.

Members of the Minden detachment of the Ontario Provincial Police investigated 12 accidents during the week of Sept. 5 to 11.

An accident involving a bear and a car on Highway 121 at the North Kashagawigamog Lake Road, resulted in \$750 damage to a car driven by David Trepanier, 24, of R.R. 1, Minden.

The accident took place at 12:30 p.m., September 11.

The OPP report that the car was westbound when it struck the bear as it walked into the westbound lane.

There was \$750 damage to the car.

A single car accident on Trappers Trail, Sept. 10, resulted in minor injuries to a passenger in the car and \$2,500 damage to the vehicle.

The Minden detachment of the OPP report that a car driven by Werner Ebeling, 53, of Etobicoke, was northbound when it entered the east ditch striking a tree.

Ruth Ebeling, 50, was injured in the crash and taken to Haliburton Hospital.

The accident took place at 2:15 p.m.

Echoes of The Past

September 15, 1976:

The Harcourt Community Hall committee has told Dysart municipal council some discussion has taken place to renovate the building and possibly even include a four lane bowling alley in the plans.

Alec Mullins, chairman of the community hall committee, told the council Monday that \$15,000 to \$20,000 would be needed to make the renovations and put in the bowling alley and the funds would come from money raised by projects in the community.

Cpl. Terry Sneddon, of the Ontario Provincial Police and Dysart Reeve, Murray Fearrey, agreed Monday that the OPP Minden detachment is in need of more men.

Cpl. Sneddon was at the Dysart council meeting to discuss a number of issues with the officials.

Dr. Ross Bennett, coroner in the inquest of the collapse of the Hawk Lake causeway last spring, said Tuesday that he didn't "understand the lack of supervision of the project by any of the senior personnel" of H. Curry Bishop Ltd., the engineering firm involved with the construction.

An examination of the bridge's construction has been of public concern since the death of Helen Hickman, 69, of East York and of her two grandchildren, Gordon and Karen Schram, aged 8 and 7, last May 23, when the causeway collapsed.

September 19, 1974:

A \$10,000 donation to the proposed Five Counties Crippled Children's Centre, in Peterborough, has been pledged by the Rotary Club of Minden.

In announcing the pledge this week, president Bill O'Brien said his 32 man Minden Rotary Club unanimously endorsed the project and would make an immediate donation to it of \$2,000 plus an additional \$2,000 each year for the next four years.

It seems the electrical storm which roused several local residents from their sleep in the wee small hours last Wednesday morning, September 11, really made its presence known at the home of Jim Csanig.

Mr. Csanig, who has a home on Eagle Lake, was abruptly awakened at approximately six o'clock in the morning by a great blinding flash of blue light. The lightning entered the house along a large beam taking several chips from it, then travelled to the window frame where it broke the frame but left the window in tact. It then struck the wall, knocking off some gyproc, travelled down a metal ski pole and burned a hole in the shag carpet, and smashed a hole in the floor.

Well known Canadian singer, Catherine McKinnon, will be in Haliburton for Festacolor on Saturday, September 28, when she will headline a show at the arena in the evening.

September 16, 1971:

Something new for Haliburton will take place this coming Sunday, September 19, when the Newfoundland Club of Canada will present a Water Trial Demonstration and fun match at the Rotary Beach here in Haliburton, starting at noon.

Victoria-Haliburton MPP, Glen Hodgson, of Haliburton, was acclaimed as standard bearer for the Progressive Conservative party in this riding during a nomination meeting held on Saturday afternoon last at the Lindsay Collegiate Vocational Institute.

Max Kennedy, of Verulam Township, was nominated from the floor but refused to let his name stand and threw his support behind Mr. Hodgson.

Given a standing ovation by more than 400 delegates, Mr. Hodgson thanked those present for their support and said he would need their assistance in the forthcoming election campaign.

Beginning this Sunday, September 19, at 7 p.m., the people of Haliburton County will once again have the opportunity to enjoy the ministries of Ken Campbell and Jim Reese. Well known in the area, and appreciated from past visits, the two men have been invited to return by the crusade committee and by a number of local churches.

Tourist operators talk to Eakins

Over 40 tourist operators and tourism oriented people from the Victoria-Haliburton area met with MPP, John Eakins, at the Bobcaygeon Verulam Community Centre last week.

Mr. Eakins said, as riding representative in the legislature he was at this meeting seeking comments. "There is no point in going to the Minister of Industry and Tourism and telling him how tourism should be run without your opinions. We are here to make tourism in Ontario thrive and prosper."

Pointing out that government estimates will be coming up in the legislature on committee this fall, Mr. Eakins said "this will give me the opportunity to speak to the ministry about tourism in Ontario. He said he would feel much better equipped to do this if he had the views of the people in the business."

Mr. Eakins went on to say there has been quite a change in tourism since 1974. The

number of visitors coming from overseas has increased but the number of people coming from the United States has been decreasing.

He said there are more people leaving Ontario than there are coming into it. There is more money being spent outside the country than is spent in Ontario. This is a reversal of what the situation has been in past years. "We now have a \$1 billion tourist industry deficit."

\$700 damage

There was \$700 damage in a single vehicle accident on Highway 530 just southeast of Welch's Store.

The accident took place Monday at 6:55 a.m.

The Minden detachment of the OPP report that a pickup truck driven by Nancy Armstrong, 26, of Bancroft, went out of control and entered the north ditch of the road, rolling onto its side.

Gems of Truth

Walking in the Truth:

There are two small letters or Epistles in the Word of God that should be the delight of every child of God to read and re-read, ponder over and ask the Holy Spirit to teach the important truths embedded therein for Christian living today. These letters are II and III John. A casual reading of the two Epistles will introduce us to some simple Christian truths. However, if we but pause and meditate upon the message of truth displayed here, we will begin to understand and appreciate their true depth. They are somewhat like a clear mountain lake, one never knows how deep it is until we investigate.

The writer of these two short letters to true Christians, writes in simple language but we could never understand him as a simple-minded believer. He was one who had a long and outstanding experience in the doctrine and fellowship of the Lord Jesus. No one had come closer to Him than John during His earthly ministry. Those three and one half years of walking close with Truth itself, taught John the deep things of God and they molded his character and gave insight into the pattern true children of God should manifest in living for the Lord who saved them. Few indeed if any, are better able than John to give counsel to Christians.

The counsel that John gives in his second letter is extremely valuable to us, because he writes to those who are walking obediently in the Truth. The unnamed lady and her children are commended for their faithfulness to the instructions of the Father. II John 1:4. They were living an exemplary Christian life at which no one

could point a finger. Their daily round of home-life duty and contact with the neighboring community was a delight to see. How we need homes like this at our present time! Walking in Truth was to the above mentioned home a progressive experience.

No one was better aware of this than John. Walking in Truth at this stage of his life was a different thing than it is for a newly-born babe in Christ. However, the ideal or standard is set before all to attain to, be he young or old. You see we are to walk according to the knowledge we have of Truth and that increases as we walk in obedience to it. In all this the Holy Spirit is now the great Helper of the sinner who yielded his life to Truth and is born-again from above.

The Truth that John writes about is as it is in Jesus. Ephesians 4:21. It is the true Gospel. That Gospel is able to make one walk in the Truth, but in order to do so, one must "know" it first of all. What does the Lord say?

In knowing we may need help, but the fact remains that the first great aid we need in Bible knowledge is the greatest teacher of all "the Holy Spirit." Many a student gets lost in a "heap of helps" and never gets to know how to "walk in Truth." John says "But the anointing which ye have received of Him 'abideth' in you, and ye need not that any man teach you; but the same anointing teacheth you of all things and is truth, and is no lie, and even as it hath taught you, ye shall abide in Him." I John 2:27. What John is telling us here is that in the final analysis the Word and the Spirit will lead us into a comprehensive knowledge of the Truth. Another great help in coming to a knowledge of the Truth so that we

may walk in it, is in keeping in fellowship with other born-again Christians. Paul tells us that it is "with all saints" that we begin to understand the dimensions of God's purposes for us in grace. Eph. 3:18. God does not give all His gifts of grace and knowledge to one. He makes us inter-dependent in His Body, the Church. He distributes His gifts so that we are aided by others and are able to help others too. I Cor. 12:4-30, Eph. 4:7-13.

Thus it is that to "walk in Truth" we must "know." What does the Word say? How does it apply to me?

Cont'd Next Week...

Agricultural events

From page 5

Association will be held in the Minden Council Chambers in Minden.

Thurs., Sept. 22, 10 a.m. - Achievement Day for Kawartha, Little Britain, Woodville, 4-H Calf Clubs will be held at the Lindsay Central Exhibition.

*Sept. 22-25 - Lindsay Central Exhibition.

Thurs., Sept. 22, 1:30 p.m. - Championship 4-H Calf Show at the Lindsay Central Exhibition with banquet following.

*Sept. 27-Oct. 1 - International Plowing Match at Kingston.

*Wed., Sept. 28 - Oakwood Fair

*Sept. 30-Oct. 1 - Bobcaygeon Fair

*Tues., Oct. 4 - Victoria County Plowing Match will be held at the farm of Cameron Kennedy of Little Britain.

Cottager is concerned about water level problem

BY MURRAY BALKWELL

The Haliburton Cottager who lives on lakes considered to be the reservoir for the Trent Waterway System appears to be an ignored person. All summer he must contend with varying and usually lowered water levels. Docks and boats take a beating and despite the fact that he is permanently located, he must take second place to an itinerant wanderer who favors the Trent Waterway System with his passing presence. Moreover, those travelling through the Trent Canal own no property, pay no taxes, and can use the canal or go somewhere else at their pleasure. Indeed many of the houseboats and some others are not even owned - they are rented.

The situation is serious for the cottager and despite the fact that he is a good citizen and carries his weight in the community, his meager wants are subordinated and up to now largely ignored. The lower water levels of late summer not only require awkward adjustments to docks, but are positively dangerous and in some areas make docks and ramps built by the Federal Government inoperable. The result is to make a previous capital expenditure downright wasteful.

Low water makes getting into and out of boats difficult. On fixed docks it is often impossible for older people to

negotiate ladders. On floating docks ramps connect the dock to shore and the lower the water, the steeper the ramp. Again, non-negotiable by ladies and older people! Constant adjustment is required for docks supported by stilts.

Hidden rocks and shoals become hazards as water levels drop. On Drag Lake two boats were completely destroyed during the summer of 1976.

When water gets too low many boats are removed before the end of the season. In both 1976 and 1977 the marine operators have had their business season shortened by three weeks. The short season also means less enjoyment for the boat owner.

Water intake lines are exposed, rub on rocks and soon require replacement.

Cottagers get fed up and do not come to cottages. This results in less business for the area.

Cottagers have been called the industry of the vacation areas. Certainly the thousands of cottagers pump life blood into the area economies. Their purchases are not limited to food as in the case of many using the Trent Waterway. They buy food as well as furniture, boats, gasoline, refrigerators, deep freezers, clothing, jewellery, the services of garages and keep a whole industry going

in construction and the related real estate field. Their boats are stored in the marinas and their motors are serviced and repaired. Without the cottager the area economy would be perpetually stagnant.

In addition to his everyday expenses, the cottager pays taxes - the same as the permanent resident. He underwrites the tax structure because he pays, yet receives little benefit - no schooling, no local police, no fire protection, no garbage collection, no sidewalks, no snow removal, no welfare, no social services such as homes for the aged. Yet he pays. He is an important part of the community. The cottager would like this fact to be recognized, when his major problem, namely, widely fluctuating water levels, requires a solution.

Over the decades that the Trent Canal System has used the Haliburton Lakes as its own private reservoir, conditions have changed. The System was and is an important holiday activity but where formerly Haliburton was a relatively undeveloped area, today waterfront property is hard to find and the lakes have thousands of residents who own thousands of boats. No longer should the Trent Waterway System have first claim to the water of Haliburton. A fairer division of this water between the Haliburton

ton cottager and the System must be found.

At the present moment - the first week in September, 1977, at the end of a very dry season coupled with low water levels in the Haliburton Lakes at the beginning of the season, the water in the lock at Fenelon has never been higher and at Cobowen south of the bridge if the water were any higher the river lots would be flooded out. A sharing of the Haliburton water is required. This could be accomplished by a change in the way the Trent System operates. Minimum depths in the System could be adjusted. As a suggestion during May and June and to July 15th, guaranteed depth could be 6'6". From July 15th through Civic Holiday Monday - 6'. From Civic Holiday Monday to August 15th - 5'6" and from August 15th to seasons close, 5'.

These depths publicized through newspapers and boating magazines a year in advance should render no hardship to canal users. Big boats would have two to two and one half months full use of the system and could arrange holidays accordingly. In addition they would have unrestricted use of all the lakes. Most boats using the canal probably do not draw much over three feet and also would have unrestricted use for the full season.

The Word of God

Brian V. Sullivan

We have looked at the resurrection and discussed some of the areas of concern associated with its reality. Today, we want to begin a discussion of this question. What happened to Jesus after he arose from the dead?

First, we have his earthly activities. These were itemized in our discussion of his resurrection appearances a few weeks ago. Second, we

have his ascension record. This is the area we want to pick up with today. Turn with me to Acts 1.

We read: "The former treatise have I made, O Theophilus, of all that Jesus began both to do and teach, until the day in which he was taken up, after that he, through the Holy Ghost, had given commandments unto the apostles whom he had chosen: To whom also he shewed himself alive after his passion by many infallible proofs, being seen of them forty days, and speaking of the things pertaining to the kingdom of God: And, being assembled together with them, commanded them that they should not depart from Jerusalem, but wait for the promise of the Father, which, saith he, ye have heard of me. For John truly baptized with water; but ye shall be baptized with the Holy Ghost not many days hence." (Acts 1:1-5).

Notice now that Jesus was teaching the apostles whom he had chosen, and further that the direction of his teaching was concerning the Kingdom of God. He advised them not to depart from Jerusalem, but to wait there for the promise of the Father which he had told them about. This promise is further associated with the

thought: "ye shall be baptized with the Holy Ghost not many days hence." Yes, the apostles were to wait, for soon they would be endued with power from on high (Matthew 16:18-19; John 14:16-17; John 15:26; John 16:7-16 and Luke 24:44-49).

That God had given many promises is something which no Bible student can deny. However, of all the promises which God gave, there is one that stands above all the others. It is recognized in scripture as "the promise" in many places. Let us notice a few of them.

Let's begin in Acts 2:38-39: "Then Peter said unto them, Repent, and be baptized everyone of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost. For THE PROMISE (emphasis mine, bvs) is unto you, and to your children, and to all that are afar off, even as many as the Lord our God shall call." What is the promise? The promise is the wonderful gift of SALVATION made known by God's Holy Spirit (or Ghost). But, you say, that's not the gift of the Spirit! Yes, it is. Notice in Acts 2:21, Peter had been speaking of the promise of Joel 2 regarding God pouring out of His Spirit in the last days. In that context we see that there are four gifts of the Spirit that are identified. They are: 1) Revelation (dream dreams, see visions, etc.) 2) Inspiration (they shall prophesy) 3) Confirmation (shew wonders in heaven above, etc.) and 4) Salvation (see verse 21). The first three gifts God would pour out of His Spirit would be to make known the greatest of all, Salvation. We will continue this discussion in next week's paper. See you then.

Let's begin in Acts 2:38-39: "Then Peter said unto them, Repent, and be baptized everyone of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost. For THE PROMISE (emphasis mine, bvs) is unto you, and to your children, and to all that are afar off, even as many as the Lord our God shall call." What is the promise? The promise is the wonderful gift of SALVATION made known by God's Holy Spirit (or Ghost). But, you say, that's not the gift of the Spirit! Yes, it is. Notice in Acts 2:21, Peter had been speaking of the promise of Joel 2 regarding God pouring out of His Spirit in the last days. In that context we see that there are four gifts of the Spirit that are identified. They are: 1) Revelation (dream dreams, see visions, etc.) 2) Inspiration (they shall prophesy) 3) Confirmation (shew wonders in heaven above, etc.) and 4) Salvation (see verse 21). The first three gifts God would pour out of His Spirit would be to make known the greatest of all, Salvation. We will continue this discussion in next week's paper. See you then.

Save up to
\$350
on materials.

That's right. If your home was built before 1921 in Ontario we'll pay you 2/3 the cost of your insulation materials - up to \$350 - when you improve the insulation in your home.

Cut your
fuel bill as
much as
one-third.

And you may save as much as 1/3 on your heating bills for years to come. The Canadian Home Insulation Program of tax-able grants was created to help Canadians conserve energy by the Federal Government.

Insulation is easy to do. An outlay of about \$525 for instance, should purchase enough materials to do the attic, basement, and some

exterior walls of an average home. We'll provide you with complete details.

Pre-1921.

Your home must have been built before 1921 in Ontario to qualify for this phase of the program. And only materials purchased and installed after September 1, 1977 can qualify for a grant. If your home was built after 1921, stay with us. Over the next seven years, most homes will be included.

Are You Eligible?

If your home was built before 1921 in Ontario, you may qualify for a grant of 2/3 the cost of materials, up to \$350.

- ☐ Yes, my home (or apartment in a building under three storeys) was built before 1921 in Ontario.
- ☐ Yes, I'm interested in insulating with CMHC acceptable materials on or after September 1, 1977.
- ☐ Yes, this is my principal, year-round residence.

If you've answered "yes" to all three questions, we'll send along our complete information kit.

Please print. This is your mailing label.

I told
you so

When you want to rub somebody's nose in something, it's customary to say, rather smugly, "I hate to say I told you so, but..."

Well, I don't hate it at all. I thorough enjoy it. So here goes.

Nearly a year ago, I wrote a column about the vultures gathering to rend and tear at the still-quivering flesh of the Liberal part in general, and the Prime Minister in particular.

Remember? The Tories, still flushed with excitement after electing a new leader, were in a state of euphoria. Why? Because public opinion polls showed them steadily gaining in popular appeal, and Liberals steadily decreasing.

Political pundits across the country were trumpeting the beginning of a new era. The Liberals were pretty blue. Trudeau was all washed up, said the experts, licking their lips. The government was on the ropes, waiting for the knock-out punch.

At the time, I tried to introduce a note of reason, or at least common sense. Almost alone among the prophets, I warned that, while the big Liberal machine was creaking and seemed almost moribund at times, it was not quite ready for extreme unaction.

I remember asking bluntly: "What do you think all those Liberals across the country are going to do? Lie down and play dead?" I reminded readers that while Trudeau seemed the most unpopular man in the country, so had that perennial winner, Mackenzie King.

Nobody paid any heed. A few people paid me the extreme insult of insisting that only a dyed-in-the-wool Liberal would have written such a comment.

Then, mysteriously, the polls began to change. The Tories big edge began to slip, even though the government went on bumbling and bungling.

Now, after almost a year, the figures are reversed. The Tories were wiped in by-elections. They have lost four members of caucus, through switches and resignations. Right now they are as shaky as the Grits were 10 months ago.

What happened? Well, for one thing, young Tory leader

Joe Clark came on like an old rubber boot. It didn't help that the media, disappointed because no political blood was being shed, savaged him ferociously.

Next, Trudeau was tossed a political bouquet when the P.Q. won the Quebec election. Suddenly the whole country began bleating about the destruction of our sacred union. Overnight, he was transformed from that "arrogant dictator/socialist (take your pick) in Ottawa" to St. Pierre, the white hope who alone could turn back the savage hordes from Quebec and salvage Canada's maidenhead.

At exactly the propitious moment, his beautiful young wife began rolling and stoning around and we all sat with baited breath. The soap opera ended perfectly with the flagrant young hussy leaving the poor, dear man alone with all those boys to raise.

Finally, add the sheer perversity of the Candian voter, and you have all the reasons for the Liberals once more flying high, ready for an election any time, and the poor old Tories wondering why the roof fell in.

Don't for one moment think that the reversal in fortunes, in less than a year, is due to any perspicacity or boldness on the part of the Liberal government. Far from it. Let me refresh your mind.

This is the government that rejected wage and price controls when the Tories (Robert Stanfield) wanted them; then turned around and bare-faced hypocrisy and applied them.

This is the government that was going to "wrestle inflation to the ground." Guess who's won two out of the first three falls.

This is the government that allowed the postal workers to tie up the country for five weeks, then slammed the door on the fingers of the air traffic controllers when they called a perfectly legal strike.

This is the government that has sat by bemusedly and watched unemployment climb to frightening levels, without stirring a finger.

This is the government that dithered over capital punishment and waffled on gun controls.

This is the government that threw millions of dollars off the dock by trying to make middle-aged civil servants learn French, instead of spending those dollars on teaching it to children.

This is the government that has set up a propaganda service and has acknowledge black-lists of Canadian citizens.

This is the government that sold you a \$100 Canada Savings Bond which is now worth 93 cents, on a good day.

This is the government that preaches control and constraint and practises neither in its own spending.

Now, let he who dares call me a dyed-in-the wool Liberal.

©The Argyle Syndicate Ltd.

Kinsmen News

September 6, 1977, marked the first meeting of the Kinsmen Club at the Royal Canadian Legion in Haliburton. Our thanks go out to the Ladies Auxiliary for the fine meal that they put on. The Kinsmen Club will be meeting at the Legion every other Tuesday for the rest of the year. The meeting also marked Kin, John Parish's first night as president of the club.

Guests at the meeting were the five young men who were involved in the Harburn Wells project, through the Young Canada Works Program. Foreman, Steve Bonnici gave a very interesting talk on the Harburn Wells and answered many questions pertaining to the problems that arose while working on the project. Congratulations go out to Chairman, Murray Stephenson and his crew, for a job well done. The Kinsmen Club will be applying to the Young Canada Works Program next year for a grant in order to completely finish off the project. If you haven't been up to the Harburn Natural Wells, it is a trip worthwhile.

Don't forget to attend Fest-A-Colour on September 24, 1977. It promises to be a great day with many events lined up, set off by a big dance at night in the arena.

The Kinsmen truck will be on display that day and tickets will be available. So avoid disappointment and get your ticket now.

Bob Nichol was appointed chairman and Dick McLean co-chairman of the June Homeshow coming up on June 16, 17, 18, 1978, at the Haliburton arena. These two gentlemen will be contacting the merchants in the area, in the near future, about the show.

The next meeting of the Haliburton Kinsmen Club will be held on September 20, 1977 at the Royal Canadian Legion, with the theme being Deputy Governor's Night.

Vaccinate dogs against rabies, sportsmen warned

Ontario sportsmen should have their dogs vaccinated against rabies before this year's fall hunting season due to an expected high incidence of rabies which may equal the peak year of 1958, Natural Resources Minister Frank S. Miller warned today.

In noting that Metro Toronto currently has a major outbreak of rabies in skunks in residential areas, he urged vaccination for domestic pets

that might encounter a rabid animal.

"This time of year marks the onset of the fall-winter peak in rabies which has characteristically appeared in the province over the last 22 years," Mr. Miller said.

Ministry field offices in Southern Ontario have been receiving telephone calls from the public concerning suspected animals, many of which, on examination, were diagnosed as rabid.

According to the Canada Department of Agriculture, 167 cases of animal rabies were reported in Ontario during June and July this year. While lower than the 1976 total of 197 cases for the same period, there is an increasing intensity of rabies in the counties of Carleton,

Elgin, Hastings, Middlesex, Oxford, Simcoe, Wellington and York.

"Although our field staff is concerned about reports of

Galway Cavendish Council

From page 6

CORRESPONDENCE & INFORMATIONAL
Municipality of Chandos - acknowledging our letter concerning season taxation of businesses.

Municipality of Dysart et al - reply to our letter supporting concern over the water levels in our lakes.

Ministry of Natural Resources - reply and confirmation on the stability of the Green's Lake dam.

Ministry of Natural Resources - acknowledgement and support of the dredging on Conc. 10, Lot 25.

Moved by Mr. Stuart that council adjourn.

suspected animals, it can't act on all those coming in at the present time," the Minister said. "Where a person or any livestock has been in contact with an apparently rabid animal, the incident should be reported immediately to the Health of Animals Branch of the Canada Department of Agriculture which has offices throughout the country."

The Health of Animals Branch is equipped to investigate animals suspected of rabies and promptly reports back to the individual, medical practitioner or health unit.

Persons exposed to rabid animals usually require a 14-dose rabies vaccination series over a two-week period and should consult their family doctor for advice.

TENDER PAVING CONTRACTORS

Roadway and parking lot repairs at the Algonquin Regional Research Station, Dorset, Ontario. Tender #LIN-77-117 -- P-67403. Sealed tenders will be received until 2 P.M. LOCAL TIME SEPTEMBER 28, 1977. Tender documents may be obtained from the Ontario Ministry of Government Services, Lindsay Regional Office, 322 Kent Street West, P.O. Box 7000, Lindsay, Ontario.

NOTE: For further information regarding this tender, please call Mrs. E.M. Neale at the above address. Telephone: (705)324-9188.

The lowest or any tender not necessarily accepted.

Ministry of Government Services

No slalom course for Grass Lake

Haliburton - There will not be a ski club slalom course on Grass Lake as far as Dysart et al council is concerned.

In a resolution passed Monday the council said that permission should be refused the King Ski Club on the grounds of the size, depth and capacity of the lake.

The lake, which is also known as Green Lake, is located just outside of West Guilford.

Reeve Fearney said that the decision to not allow the club to put up the course was a judgement decision on the part of the council and that council is not about to give a small group a majority position on a lake.

BLANCHE BOLENDER

MEDITERRANEAN BUNGALOW

Plan Number: 75-1626:

The ever-popular Spanish theme is emphasized in the Moorish arches, heavy beams and cedar shake roof of this three bedroom bungalow, which blends the drama and boldness of Old Spain with the practicality and convenience of the best of North American design.

The kitchen-family room combination, with its corner fireplace and functional layout, will be the focus of the family's "at home" gatherings or more special entertaining. Sliding doors connecting to the patio and a barbecue grill built into the patio inside of the fireplace encourage outdoor living.

The location of the kitchen central to the dining and family rooms ensures maximum flexibility of entertainment styles: casual for family on one side, formal for friends on the other. One wall of windows and sliding doors leading from the L-shaped living-dining room onto the sundeck achieve an effect of open air spaciousness and make this a particularly well-designed home for the lot with a scenic rear view. It brings the outdoors indoors.

The upstairs layout stresses the practicality of this design. Between the large master and the two secondary bedrooms is located the utility complex, hidden behind louvered bi-fold doors and containing washer, dryer and laundry tub. For those who prefer, these utilities could be located in the full basement and the space gained employed as extra storage or closet space.

Plan for design No. 75-1626 may be obtained at a cost of \$60 for the first set and \$9 for each additional set, plus \$4.00 for postage and handling. B.C. residents please include 7 per cent sales tax.

Send for the current edition of Select Home Designs Series #34 featuring imaginative decorating and home improvement ideas plus 350 quality home plans of every type. Available for \$2.25 (\$1.75 plus 50 cents postage and handling). To order these items please send cheque or money order payable to the Home of The Week. Address to: Home of The Week, c/o The Haliburton County Echo and Minden Recorder, 382 West Broadway, Vancouver, B.C. V5Y 1R2.

BIRTHS

GREG AND FAYE SMITH are pleased to announce the safe arrival of their son Kirk Gregory, 6 lbs., 12 oz., on August 26, 1977. Special thanks to Dr. Heyes, Haliburton and Dr. Sheppard and Dr. Boyle of Peterborough.

DON AND IRMA PASQUINO are pleased to announce the safe arrival of their daughter Heather Georgette, born August 15th, 1977, weighing 8 lb., 7 oz. Granddaughter for Ralph and Cora Pasquino and Mary McKelvey.

Crystal is proud to announce the safe arrival of her baby brother Curtis Brant Wilbert who was born Friday, August 26, 1977 at 11:21 a.m. Their mommy and daddy are Brenda and Roger Bain. Special thanks to Dr. Pierce and staff of Haliburton Red Cross Hospital.

Wedding

Announcement

DAVID & AUDREY BURKE are pleased to announce the marriage of their daughter, Phyllis Marie to Gary Alan Duffy, son of Cliff Duffy and Mrs. Shirley Matthews. Wedding reception on September 24, 1977 at Minden Community Centre, at 9:00 p.m. Relatives and friends welcome.

MR. & MRS. ROBERT J. MORROW are pleased to announce the forthcoming marriage of their daughter Patricia Ann to John Richard Wood, son of Mr. & Mrs. Gerald Wood. The wedding will take place at 4:00 p.m., September 17th at the United Church in Haliburton.

MRS. EDNA CONGDON is pleased to announce the marriage of her daughter, Rella Edna, to Robert Lawrence Davis, son of Ruth & Lawrence Davis of Brampton. Wedding party to be held Sat., Sept. 24, 9 p.m., Haliburton Legion Hall. Friends and relatives please accept this invitation.

Thank-You

We wish to express our appreciation and thanks to relatives, friends and neighbors for the lovely celebration party they gave us on the occasion of our 35th Wedding Anniversary. A special thank you to our daughters Heather and Laurel.

Ted & Carol Duncan

I wish to take the opportunity in thanking all the friends who sent get well cards and flowers and also those who came to see me while a patient at the Civic Hospital. I sure gives one a big lift. I appreciate it very much. Also a big thank you to my nephew, Wilfred & wife Alice Noah of Hamilton, who took time off to come and see me and brought me home as well.

Another big thank you for you friends who brought me some goodies after I was home, and thank you Ladies Legion Auxiliary for your gift.

Julie Jacobs

I wish to express my sincere thanks to all my relatives and friends for flowers, gifts and cards while a patient at Civic Hospital, Peterborough. I would also like to thank Doctors Belch, Good and ambulance drivers.

IN MEMORIAM

DEAN - In loving memory of a dear father, Russell, who passed away Sept. 19, 1976.

Dad is such a special word. A word that brings to mind, A big warm smile, a helping hand, A way of being kind. Devotion to the family. A word of patience too. "Dad" is such a special word. Because it stands for "you".

Lovingly remembered by sons Murray and Allan.

DEAN - In loving memory of a dear husband, Russell, who passed away Sept. 19, 1976.

A million times I've needed you, A million times I've cried, If love could have saved you dear, You never would have died. Things we feel most deeply, Are the hardest things to say, My dearest... I loved you, In a very special way. If I could have one lifetime wish, One dream that could come true, I'd pray to God with all my heart, For yesterday and you.

Often thought of and loved, by Ethel.
